

Consolidated Plan Certification

HUD is required by law to obtain Consolidated Plan Certification for each proposed project.

A. Completing the Consolidated Plan Certification

Except as stated below, all projects must have a Consolidated Plan (which is hereafter called the Plan) certification from the applicable State or local government official responsible for submitting the appropriate Plan. States and units of general local government are required to certify both that the project is consistent with the Plan, but also that they are following their currently approved Consolidated Plan. The following instructions indicate the requirement for certification by applicant type for each program.

For SHP, S+C and SRO: Units of general local government that apply must have either an approved Plan or Abbreviated Plan, and therefore must submit a certification for projects located within its jurisdiction. If the application contains projects located outside of the jurisdiction, a Plan certification must be submitted from a jurisdiction with an approved Plan, or if no local Plan covers the project, from the State. A unit of general local government applicant which does not have a Plan should seek the assistance of the local HUD Field Office regarding the development of an Abbreviated Plan.

Insular Areas (America Samoa, Guam, Northern Mariana Islands, U.S. Virgin Islands) are not required to have a Plan or Abbreviated Plan, and therefore applications submitted from these jurisdictions do not require a certification of consistency with a Plan.

For SHP and SRO: State government applicants must only submit a certification of consistency with the State Plan.

An applicant that is a **private nonprofit organization, a community mental health organization that is a public nonprofit organization, or other governmental entity such as a public housing agency** must provide a certification from each jurisdiction in which a project will be located. If the local jurisdiction in which the project will be located does not have a Plan or an Abbreviated Plan, then a certification from the State must be submitted. For example, if an application contained projects in jurisdiction A have a Plan and jurisdiction B not having a Plan, then the applicant would have to submit a certification from jurisdiction A and a certification from the State for jurisdiction B.

For SHP Only: Non-State applicants proposing activities which will occur in more than one jurisdiction, only need to obtain a certification from the jurisdiction in which the program is administered if they are proposing: (1) Services Only activities; or

(2) Scattered-Site Leasing where a participant selects the specific rental unit for which SHP rental assistance will be used. For other forms of leasing, submit a certification from each jurisdiction where units are located.

For S+C Only: State government applicants must submit a certification from both the State and the applicable local jurisdiction(s) where the proposed project will be located.

Public housing agencies must provide a certification from each jurisdiction in which a project will be located. If the local jurisdiction in which a project will be located does not have a Plan or an Abbreviated Plan, then a certification from the State must be submitted. For example, if an application contained projects in jurisdiction A having a Plan and jurisdiction B not having a Plan, then the applicant would have to submit a certification from jurisdiction A and a certification from the State for jurisdiction B.

B. Completing the Location Section

For SHP, S+C and SRO: Facility-Based. If the project involves acquisition, rehabilitation, new construction, or leasing (except scattered-site leasing of rental housing units), enter the city and county in which the site is located.

For SHP and S+C: Scattered-Site Leasing. Follow (1) or (2) depending on whether the project sponsor or the participant selects the units.

- (1) If the project involves scattered-site leasing of rental housing units where the project sponsor will select and lease the units, identify each city and county in which the rental units will be located.
- (2) If the project involves scattered-site leasing of rental housing units where the participant will select the rental units, enter the city and county in which the organization that will be administering the rental assistance is located.

For SHP Only: Services Only. If the project is a Services Only project (not expansions of existing projects with additional services), enter the city and county in which the organization that will be administering the project is located.

Please consult your local HUD Field Office for assistance in identifying jurisdictions with a Plan and the official authorized to provide certification. **For each required certification, use the exact language as stated on the form.** HUD recommends completing the form itself and submitting it as the certification, rather than retyping it.
