

emphasized in Part D, Section III of this Program Section.

(ii) *Project Management and Oversight.* Describe your method for managing and overseeing activities, including those of your organization, your project sponsor, and any other organization. Identify staff members who are responsible for management and oversight of the project and activity implementation.

(iii) *Evaluation Plan.* Your evaluation plan should identify what you are going to measure, how you are going to measure it, the steps you have in place to make adjustments to your work plan if performance targets are not met within established timeframes, and how you plan to share successes and lessons learned in undertaking your activities with other communities.

(iv) *Innovative Qualities.* If you propose a new program, or an alternative method of meeting the needs of your eligible persons, describe how the innovative qualities of your activities will become a benchmark for achieving greater housing opportunities and supportive services for persons living with HIV/AIDS. HUD will rate your applications higher if you provide strong evidence that your methods will yield qualities that will benefit or expand knowledge in serving eligible persons, when compared to other applications and HOPWA projects. In order to learn about innovative qualities of previously funded and on-going HOPWA projects, please review the HOPWA Executive Summaries for all HOPWA formula and competitive grantees at <http://www.hud.gov>.

(v) *Other Exemplary Qualities.* Demonstrate what exemplary qualities your project contains that will be beneficial to other projects in your area or in other areas across the country. Describe what activities you have undertaken that have been outstanding and that if duplicated would achieve greater housing opportunities for persons living with HIV/AIDS and their families.

(vi) *Descriptive Budget.* HUD will review your budget in describing:

(1) How each amount of requested funding for you and your project sponsors will be used;

(2) How each line item will relate to eligible HOPWA activities as defined in Part D, Section II (B), of this Program Section of the SuperNOFA; and

(3) A clear and complete statement of the planned activities for your project and demonstrate how these activities are matched with line items for both the grantee and sponsors. You must complete the HOPWA Project Budget Form as described in Part B, Section VI

(E). Please note that only the forms are required and an additional narrative under the Model Qualities Section is not required.

Rating Factor 4: Leveraging Resources (10 Points)

This factor addresses your ability to secure community resources that can be combined with HUD's funds to achieve program purposes. HUD will award up to 10 points based on the extent to which resources from other public or private sources have been committed at the time of application, to support your project. To receive the maximum points, you must provide evidence of commitments of leveraged resources that match or exceed the amount of HOPWA funds that are requested, but not including funds designated for data collection.

(a) In establishing leveraging, HUD will not consider other HOPWA-funded activities, entitlement benefits inuring to eligible persons, or conditioned commitments that depend on future fund-raising or actions. In assessing the use of acceptable leveraged resources, HUD will consider the likelihood that state and local resources will be available and continue during the operating period of your grant. In evaluating this factor, HUD will also consider:

(i) The extent to which you document leveraged resources, such as funding and/or in-kind services from governmental entities, private organizations, resident management organizations, educational institutions, or other entities to achieve the purposes of the project for which you are requesting HOPWA funds;

(ii) The extent to which the documented resources evidence that you have partnered with other entities to make more effective use of available public or private resources. Partnership arrangements may include funding or in-kind services from local governments or government agencies, nonprofit or for-profit entities, private organizations, educational institutions, or other entities that are willing to partner with you on proposed activities, or partnering with other program funding recipients to make more effective use of resources within the geographic area covered by your award.

(b) To receive highest leveraging points, you must document the cash value of leveraged resources pledged to your project(s). The commitment of resources will be evidenced by use of the appropriate language as described below:

(i) *Applicant or Third Party Cash Resources.* If this proposal is funded,

(applicant name or third party name) commits \$(amount) (of its own funds, if applicant, or to applicant name, if third party) for (type of activity) to be made available to the HOPWA program. These funds will be available from (date) to (date). (Signature and Title of authorized representative and date.)

(ii) *Non-Cash Resources.* If this proposal is funded, (organization's name) commits to make available (type of resource) valued at \$(amount) to the HOPWA program proposed by (applicant name). These resources will be made available to the HOPWA program from (date) to (date). (Signature and Title of authorized representative and date.) The donation of a third party professional service should be valued at the professional's customary charge. The value of materials to be contributed to the project by a third party or by the applicant may also be counted as leveraging.

(iii) *Volunteer Time.* If this proposal is funded, (name of the organization or of self), commits to provide (number of hours) of volunteer time from (date) to (date) to provide (type of activity) to the HOPWA program proposed by (applicant name). The total value of these services, based on \$10.00 per hour, is \$(amount). (Signature and Title, and date.) Time to be contributed to the project by volunteers should be valued at \$10.00 per hour. In the case of individuals volunteering their time directly to the applicant, the applicant should list itself as the organization.

(iv) *Contribution of a Building.* If this proposal is funded, (applicant name) pledges the building at (site address) to the HOPWA program. The building has a fair market value of \$(amount). A licensed independent real estate appraiser made this appraisal, which is based on comparable properties in the area. (Signature of applicant's authorized representative and date.) Ownership of a building or portion of a building to be used in the project may be counted as leveraging. The fair market value of the building or portion of the building being contributed may be counted. Do not send an appraisal to HUD, but keep documentation of fair market value on file. The contribution of land (as a leveraged resource for new construction) should be treated the same as contribution of a building. You will need to keep documentation of the fair market value on file, particularly if it is improved land and you wish to include the value of the improvements in the contribution.

(v) *Contribution of a Building to be Acquired with HOPWA Funds.* If this proposal is funded, (applicant name) commits the building at (site address)
