III. Program Description: Eligible and Ineligible Applicants, Developments, and Activities

(A) *Program Description.* Assisted living facilities (ALFs) are designed to accommodate frail elderly persons and people with disabilities who need certain support services (e.g., assistance with eating, bathing, grooming, dressing and home management activities). ALFs must provide support services such as personal care, transportation, meals, housekeeping, and laundry. Frail elderly person means an individual 62 years of age or older who is unable to perform at least three activities of daily living (ADLs) as defined by the regulations for HUD's Section 202 Program (Supportive Housing for the Elderly) at 24 CFR 891.205. Assisted living is defined in section 232(b)(6) of the National Housing Act (12 U.S.C. 1715w).

The ALCP provides funding for the physical costs of converting some or all of the units of an eligible multifamily development into an ALF, including unit configuration, common and services space and any necessary remodeling, consistent with HUD or the State's statute/regulations (whichever is more stringent). Typical funding will cover basic physical conversion of existing project units, as well as common and services space. There must be sufficient community space to accommodate a central kitchen or dining facility, lounges, recreation and other multiple-areas available to all residents of the project, or office/staff spaces in the ALF. When food is prepared at an off-site location, the preparation area of the facility must be of sufficient size to allow for the installation of a full kitchen, if necessary. You must provide supportive services for the residents either directly or through a third party. Your application must include a firm commitment for the supportive services to be offered within the ALF as part of the application. You may charge assisted living residents for meals and/or service fees. Residents may contract with third party agencies directly for nursing, therapy or other services not offered by the ALF.

(B) *Eligible Applicants.* Only private nonprofit owners of eligible multifamily assisted housing developments specified in section 683(2) (B), (C), (D), (E), and (F) of the Housing and Community Development Act of 1992 (Pub. L. 102-550, approved October 28, 1992) and private nonprofit owners of an unused or underutilized commercial property are eligible for funding. To be eligible, project owners must meet the following criteria where applicable:

(1) Must be in compliance with your Loan Agreement, Capital Advance Agreement, Regulatory Agreement, Housing Assistance Payment contract, Project Rental Assistance Contract, Rent Supplement or LMSA contract, or any other HUD grant or contract document.

(2) Must be in compliance with all fair housing and civil rights laws, statutes, regulations, and executive orders as enumerated in 24 CFR 5.105(a). See Section V(B) (2) of the General Section of the SuperNOFA for further explanation.

Note: If your eligibility status changes during the course of the grant term, making it ineligible to receive the grant (e.g., prepayment of mortgage, sale/TPA of property, or opting out of a Section 8 Housing Assistance Payment (HAP) contract), HUD retains the right to terminate the grant and recover funds made available through this NOFA.

(C) *Ineligible Applicants.*

(1) Owners of developments designed specifically for people with disabilities.

(2) Owners of Section 232 developments.

(3) Property management companies and agents of property management companies.

Projects must have been in occupancy for at least 5 years from the date the HUD Form 92485, Permission to Occupy Project Mortgage, was approved by HUD's Construction Manager as Chief Architect, and have completed final closing. Meeting these standards as described, means that the project, based on the most recent Real Estate Assessment Center (REAC) physical inspection report and responses thereto, must have a "satisfactory" rating as evidenced by a score of 60 or better or a HUD-approved and on schedule repair plan for developments scoring less than 60. Additionally, the project must have no uncorrected and outstanding Exigent Health and Safety violations. Finally, the project must not have on file a management review with a rating of "minimally satisfactory" or "unsatisfactory" with open and unresolved findings.
