SECTION 17: ATTACHMENTS

This section contains a list of documents that, if applicable, should be submitted with this enrollment application. Failure to provide the required documents will delay the enrollment process.

- Check the appropriate boxes indicating which documents are being submitted with this application.

NOTE: Any licenses that are needed to operate this business (both business and professional) in the State where the enrolling supplier business is located **must** be included with this application.

All enrolling suppliers are required to furnish information on all Federal, State and local (city/county) professional and business licenses, certifications and/or registrations as required in the supplier's State to operate as a health care facility (e.g., CLIA and FDA mammography certificates, hazardous waste disposal license, etc.). The Medicare contractor will supply specific licensing requirements for this supplier type upon request.

In lieu of copies of the above-requested documents, the enrolling supplier may submit a notarized Certificate of Good Standing from the supplier's State licensing/certification board or other medical associations. This certification cannot be more than 30 days old.

If the enrolling supplier has had a previously revoked or suspended license, certification or registration reinstated, attach a copy of the reinstatement notice with this application.
