

**§ 1.979 Action following decision by the Board of Patent Appeals and Interferences or dismissal of appeal in *inter partes* reexamination.**

\* \* \* \* \*

(e) The parties to an appeal to the Board of Patent Appeals and Interferences may not appeal to the U.S. Court of Appeals for the Federal Circuit under § 1.983 until all parties' rights to request rehearing have been exhausted, at which time the decision of the Board of Patent Appeals and Interferences is final and appealable by any party to an appeal to the Board of Patent Appeals and Interferences who is dissatisfied with the final decision of the Board of Patent Appeals and Interferences.

(f) An appeal to the Board of Patent Appeals and Interferences by a party is considered terminated by the dismissal of that party's appeal, the failure of the party to timely request rehearing under § 1.979(a) or (c), or the failure of the party to timely file an appeal to the U.S. Court of Appeals for the Federal Circuit under § 1.983. The date of such termination is the date on which the appeal is dismissed, the date on which the time for rehearing expires, or the date on which the time for the appeal to the U.S. Court of Appeals for the Federal Circuit expires. If an appeal to the U.S. Court of Appeals for the Federal Circuit has been filed, the appeal is considered terminated when the mandate is issued by the Court. Upon termination of an appeal, if no other appeal is present, the reexamination proceeding will be terminated and the Director will issue a certificate under § 1.997.
