The EPA will prepare a response to comments and continue with the deletion process on the basis of the notice of intent to delete and the comments already received. There will be no additional opportunity to comment.

List of Subjects in 40 CFR Part 300

Environmental protection, Air pollution control, Chemicals, Hazardous substances, Hazardous waste, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, Water supply.

Dated: December 23, 2002.

Lawrence E. Starfield,

Deputy Regional Administrator, Region 6.

For the reasons set out in this document, 40 CFR part 300 is amended as follows:

PART 300—[AMENDED]

1. The authority citation for part 300 continues to read as follows:

Authority: 33 U.S.C. 1321(c)(2); 42 U.S.C. 9601–9657; E.O. 12777, 56 FR 54757, 3 CFR, 1991 Comp., p.351; E.O. 12580, 52 FR 2923, 3 CFR, 1987 Comp., p.193.

Appendix B—[Amended]

2. Table 1 of Appendix B to Part 300 is amended under New Mexico by removing the site name “AT&SF (Clovis)” and the city “Clovis.”

BILLING CODE 6560–50–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 20

[CC Docket No. 94–102; DA 02–3565]

Petition for Declaratory Ruling Regarding the Applicability of E911 Phase II Requirements for Wireless Handsets to In-Vehicle, Embedded Telematics Units, Comments Invited

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for declaratory ruling.

SUMMARY: The Commission seeks comment on a petition for ruling from OnStar Corporation, seeking clarification that embedded telematics units are not “handsets” as that term is used in the Commission’s orders in this proceeding, and that such units are not included in calculating the wireless

licensee’s enhanced 911 Phase II handset activation compliance requirements. The action is taken to establish a record on which to base a response to OnStar Corporation’s request.

DATES: Comments are due on or before January 24, 2003, and reply comments are due on or before February 7, 2003.

FOR FURTHER INFORMATION CONTACT: David Siehl, Attorney, (202) 418–1310.

SUPPLEMENTARY INFORMATION:

1. On December 3, 2002, the OnStar Corporations (OnStar) filed a Petition for Ruling (Declaratory Ruling Petition), seeking clarification that (1) embedded telematics units are not “handsets” as that term is used in the Commission’s orders in CC Docket No. 94–102, and (2) such units are not included in calculating the wireless licensee’s E911 Phase II handset activation compliance requirements.

2. In the Wireless E911 Third Report and Order, the Commission adopted rules that imposed requirements on wireless carriers who employ a Phase II location technology requiring new, modified or upgraded handsets (such as Global Positioning Systems (GPS)-based technologies). (64 FR 60126, November 4, 1999.) These requirements included deployment schedules, penetration rates, interoperability criteria, and standards for Phase II location accuracy and reliability. The Wireless E911 Third Report and Order also amended § 20.3 of the Commission’s rules to define location-capable handsets as “portable or mobile phones that contain special location-determining hardware and/or software, which is used by a licensee to locate 911 calls.”

3. OnStar asserts that embedded telematics devices should not be treated as handsets and, therefore, not be subject to the Commission’s E911 Phase II requirements at this time. OnStar contends that the assumptions concerning conventional handset technology on which the Commission’s E911 Phase II decisions are based are not applicable to embedded telematics devices. OnStar asserts that embedded telematics developed around the use of autonomous (stand-alone) GPS while handset based Phase II technology has developed around a network assisted Global Positioning System/Advanced Forward Link Trilateration (AGPS/AFLT) handset solution.

4. In addition, OnStar contends that embedded telematics units should not be treated as handsets in calculating compliance with the underlying wireless licensee’s handset activation requirements. OnStar submits that although handsets have relatively short

lifecycles and are independent units routinely exchanged, retrofitting existing embedded analog telematics units with digital units is much more costly given technology and accessibility factors. OnStar contends that wireless carriers serving large populations of telematics units will lose the benefit of the five percent margin for handset compliance for E911 Phase II by December 31, 2005, with respect to “true handsets,” and may even exceed the five percent margin with telematics units alone.

5. We seek comment on the issues raised by the Declaratory Ruling Petition. Interested parties may file comments to the Petition on or before January 24, 2003. Reply comments are due February 7, 2003. Comments may be filed using the Commission’s Electronic Comment Filing System (ECFS) or by filing paper copies.

6. This is a “permit but disclose” proceeding pursuant to § 1.1206 of the Commission’s rules. Ex parte presentations that are made with respect to the issues involved with regard to the Petition will be allowed but must be disclosed in accordance with the requirements of § 1.1206(b) of the Commission’s rules.

7. Comments filed through the ECFS can be sent as an electronic file via the Internet to <http://www.fcc.gov/e-file/ecfs.html>. Generally, only one copy of an electronic submission must be filed. In completing the transmittal screen, filing parties should include their full name, Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, parties should send an e-mail to ecfs@fcc.gov, and should include the following words in the body of the message, “get form <your e-mail address>.” A sample form and directions will be sent in reply. Commenters also may obtain a copy of the ASCII Electronic Transmittal Form (FORM-ET) at <http://www.fcc.gov/e-file/email.html>.

8. Parties who choose to file by paper must file an original and four copies of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission’s contractor, Vistrionix, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission’s Secretary at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002. The filing hours at this location are 8 a.m. to 7
