The Regional Director will also consider all relevant materials within Reclamation's possession relating to IID's estimated water requirements. Reclamation is posting a bibliography of such information on its Web site at www.lc.usbr.gov/iid417.htm, and will update this bibliography as appropriate. Reclamation will post on that Web site all written information received or transmitted by the Regional Director or his staff in connection with this part 417 consultation. This information will be retained by Reclamation for use in future years.

Regional Director's Formulation of Recommendations and Determinations

After consideration of all relevant written information, comments and suggestions timely received, the Regional Director will formulate his recommendations and determinations regarding IID's estimated water requirements for 2003 according to the factors in 43 CFR 417.3, to the end that deliveries of Colorado River water to IID will not exceed those reasonably required for beneficial consumptive use. The time taken for this analysis will depend on the issues raised. It is anticipated that this process will conclude approximately 25 days after the close of the time period for receipt of relevant written information, comments and suggestions.

The Regional Director will give IID written notice of his recommendations and determinations by registered or certified mail, return receipt requested, as well as by fax, and will post his recommendations and determinations on the www.lc.usbr.gov/iid417.htm Web site. If the recommendations and determinations include a reduction in the amount of water to be delivered, as compared to calendar year 2002, the notice shall specify the basis for such reduction and include any pertinent factual determinations.

Opportunity for Any Potential Objections by IID and Potential Request for Further Consultation

The Regional Director's recommendations and determination shall be final unless, within 30 days of the date of receipt of the notice, IID submits its written comments and objections to the Regional Director and requests further consultation.

Potential Reconsideration by Regional Director

The Regional Director will consider any written comments and objections, if any, and conduct further consultation

by reviewing and considering any written submissions by IID. On the basis of this review, the Regional Director will determine whether or not to modify his recommendations and determinations. The time for analysis depends on the issues raised. It is anticipated that the analysis would be completed within 15 days.

Notification of Regional Director's Final Determination

The Regional Director will send by fax notification his determination regarding any written comments and objections by IID and will post the determination on the Web site at www.lc.usbr.gov/iid417.htm.

Potential Appeal to the Secretary of the Interior

If the Regional Director does not modify his initial decision, or if modifications are made but IID still feels aggrieved, IID may file an appeal with the Secretary of the Interior within 30 days after receipt of the fax notification of the Regional Director's determination.

Final Determination by the Secretary of the Interior

The Secretary of the Interior will make a final determination of any appeal by IID. The time for analysis will depend on the issues raised. It is anticipated that the analysis will be complete within three weeks.
