Analysis of Comments Received

All issues raised in the briefs filed by parties to this administrative review are addressed in the Memorandum from

Joseph A. Spetrini, Deputy Assistant Secretary for AD/CVD Enforcement Group III, to Faryar Shirzad, Assistant Secretary for Import Administration: *Issues and Decision Memorandum for the New Shipper Review and the Administrative Review of Oil Country Tubular Goods, Other Than Drill Pipe, From Korea* dated January 9, 2003 (*Decision Memo*), which is hereby adopted by this notice.

A list of the issues which parties have raised and to which we have responded, all of which are in the *Decision Memo*, is attached to this notice as an appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, room B-099 of the main Commerce Building. In addition, a complete version of the *Decision Memo* can be accessed directly on the Internet at <http://ia.ita.doc.gov>. The paper copy and electronic version of the *Decision Memo* are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made one change in the margin calculation for SeAH. We have removed from our calculation of normal value a deduction for foreign inventory carrying costs (DINVCARU). For a discussion of this issue, please refer to the *Decision Memo* at Comment 2.

Final Results of Administrative Review

We determine that the following weighted-average margin exists for the period August 1, 2000, through July 31, 2001:

| Manufacturer/Exporter | Margin (percent) |
|------------------------------|------------------|
| SeAH Steel Corporation | 0.32 |

Final Results of New Shipper Review

We determine that the following weighted-average margin exists for the period August 1, 2000 through February 28, 2001:

| Manufacturer and Exporter | Margin (percent) |
|--|------------------|
| Shinho Steel Corporation/ Husteel | 0.00 |

Assessment Rates

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. We have calculated importer-specific *ad valorem* assessment rates for SeAH based on entered values. We will

direct the Customs Service to assess the *ad valorem* assessment rate against the entered customs value for each entry of subject merchandise from SeAH during the review period. Since the dumping margin for Shinho Steel/Husteel is zero, no duties will be assessed on entries pursuant to the reviewed sales. The Department will issue appropriate appraisement instructions directly to the Customs Service within 15 days of publication of the final results of review. For customs purposes only, this case is identified using case number A-580-215.

Cash Deposit Requirements

The following deposit requirements shall be effective for all shipments of the subject merchandise from Korea that are entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review and the new shipper review, as provided for by section 751(a)(1) of the Act. Since the weighted-average margin for SeAH is less than 0.5 percent and therefore *de minimis*, the Department shall require no deposit of estimated antidumping duties for subject merchandise exported by SeAH. Since the weighted-average margin for Shinho Steel/Husteel is less than 0.5 percent and therefore *de minimis*, the Department shall require no deposit of estimated antidumping duties for subject merchandise produced and exported by Shinho Steel/Husteel. For subject merchandise exported by Shinho Steel/Husteel but not produced by Shinho Steel/Husteel, the cash deposit rate will be the "all others" rate. Bonding will no longer be permitted to fulfill security requirements for shipments from Shinho Steel/Husteel of subject merchandise from Korea entered, or withdrawn from warehouse. For previously investigated or reviewed companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period. If the exporter is not a firm covered in this review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise. The cash deposit rate for all other manufacturers or exporters of this merchandise will continue to be 12.17 percent, the all others rate made effective by the less-than-fair-value investigation. These requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.
