<b>AFV Buyers Guide</b>	
<b>Compare the Cruising Range of this Vehicle with Other Alternative Fuel Vehicles (AFV) Before You Buy.</b>	
<b>Manufacturer's Estimated Cruising Range</b>	
<b>XX-XX</b>	
Miles on one tank or charge	
Actual cruising range will vary with options, driving conditions, driving habits, and vehicle's condition.	
<b>Before selecting an Alternative Fueled Vehicle consider:</b>	
<input checked="" type="checkbox"/>	<b>FUEL TYPE:</b> Know which fuel(s) power this vehicle.
<input checked="" type="checkbox"/>	<b>OPERATING COSTS:</b> Fuel and maintenance costs for AFVs differ from gasoline or diesel-fueled vehicles and can vary considerably.
<input checked="" type="checkbox"/>	<b>PERFORMANCE/CONVENIENCE:</b> Vehicles powered by different fuels differ in their ability to start a cold engine, how long it takes to refill the vehicle's tank to full capacity, acceleration rates, and refueling methods.
<input checked="" type="checkbox"/>	<b>FUEL AVAILABILITY:</b> Determine whether refueling and/or recharging facilities that meet your driving needs are readily available.
<input checked="" type="checkbox"/>	<b>ENERGY SECURITY/RENEWABILITY:</b> Consider where and how the fuel powering this vehicle is typically produced.
<b>Additional Information</b>	
<b>DEPARTMENT OF ENERGY (DOE)</b>	
For more information about AFVs, contact DOE's National Alternative Fuels Hotline, 1-800-423-1DOE, or visit DOE's Alternative Fuels Data Center website, <a href="http://www.afdc.doe.gov">http://www.afdc.doe.gov</a> .	
<b>ENVIRONMENTAL PROTECTION AGENCY (EPA)</b>	
Emissions are an important factor. For more information about how the vehicle you are considering compares to others, visit <a href="http://www.epa.gov/greenvehicle">http://www.epa.gov/greenvehicle</a> .	
<b>NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION (NHTSA)</b>	
For more information about vehicle safety, contact NHTSA's Auto Safety Hotline, 1-800-424-9393.	
The information on this label is required by the Federal Trade Commission, 16 CFR Part 309.	
For more information call toll-free (877) FTC-HELP or visit <a href="http://www.ftc.gov">www.ftc.gov</a> .

4. *Option No. 4:* This option combines option number two and, in part, option number three. Specifically, the Commission proposes requiring disclosure of only the EPA Tier 2 emission standard, if any, to which the

AFV has been certified, and permitting disclosure on the same label of the California LEV II emission standard, if any, to which the AFV has been certified. For this option, the Commission also proposes providing a

reference in part three of the label to EPA's green vehicle guide website. In addition, the Commission proposes moving the information in parts two and three of the AFV label from the back to the front of the label.
