

legally obtain, a right of occupancy to such land or an interest in the equity in such land other than an interest in the appreciation in the value of such land occurring after the loan was made. Failure to fully disclose such interest shall be considered a scheme or device under this section.

§ 1410.61 Filing of false claims.

If CCC determines that any participant has knowingly supplied false information or has knowingly filed a false claim, such participant shall be ineligible for payments under this part with respect to the program year in which the false information or claim was filed and the contract may be terminated, in which case a full refund of all prior payments may be demanded. False information or false claims include, but are not limited to, claims for payment for practices that do not comply with the conservation plan. Any amounts paid under these circumstances shall be refunded, together plus with interest as determined by CCC, and any amounts otherwise due to the participant shall be withheld. The remedies provided for in this section shall be in addition to any and all other remedies, criminal and/or civil, that may apply.

§ 1410.62 Miscellaneous.

(a) Except as otherwise provided in this part, in the case of death, incompetency, or disappearance of any participant, any payments due under this part shall be paid to the participant's successor(s) under part 707 of this title.

(b) Unless otherwise specified in this part, payments under this part shall be subject to the requirements of part 12 of this title concerning highly erodible land and wetland conservation and payments.

(c) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not limited to, criminal remedies, or actions for damages in favor of CCC, or the United States, as may be permitted by law; provided further the Deputy Administrator may add to the contract such additional terms as needed to enforce these regulations that shall be binding on the parties and may be

enforced to the same degree as provisions of these regulations.

(d) Absent a scheme or device to defeat the purpose of the program, when an owner loses control of CRP acreage due to foreclosure and the new owner chooses not to continue the contract in accordance with § 1410.51, refunds shall not be required from any participant on the contract to the extent that the Deputy Administrator determines that forgiving such repayment is appropriate in order to provide fair and equitable treatment.

(e) Cropland enrolled in CRP shall be classified as cropland for the time period enrolled in CRP and, after the time period of enrollment, may be removed from such classification upon a determination by the county committee that such land no longer meets the definition in part 718 of this title.

(f) Research projects may be submitted by the State committee and authorized by the Deputy Administrator to further the purposes of CRP. The research projects must include objectives that are consistent with this part, provide economic and environmental information, not adversely affect local agricultural markets, and be conducted and monitored by a bona fide research entity, as determined by the Deputy Administrator.

§ 1410.63 Permissive uses.

(a) Unless otherwise specified by the Deputy Administrator, no uses of any kind are authorized on designated CRP acreage during the contract period.

(b) Commercial shooting preserves may be operated on CRP acreage provided:

(1) The commercial shooting preserve is licensed by a State agency such as the State fish and wildlife agency or State department of natural resources;

(2) The commercial shooting preserve is operated in a manner consistent with the applicable State agency rules governing commercial shooting preserves;

(3) CRP cover is maintained according to the conservation plan; and

(4) No barrier fencing or boundary limitations exist that prohibit wildlife access to or from the CRP acreage unless required by State law.

(c) The following activities may be permitted on CRP enrolled land:

(1) Managed haying and grazing, including the harvest of biomass:

(i) In exchange for a reduction of the annual payment in an amount determined by the Deputy Administrator;

(ii) Not to exceed once every three years after the CRP vegetative cover has been established; and

(iii) According to an approved CRP conservation plan consistent with the conservation of soil, water quality, and wildlife habitat (including habitat during nesting and brood rearing seasons) and in accordance with FOTG standards.

(2) Managed grazing that is incidental to the gleaning of crop residue, but only in exchange for a reduction in the annual rental payment, as determined appropriate by the Deputy Administrator.

(3) Wind turbines on CRP land installed in numbers and locations as determined appropriate by the Deputy Administrator considering the location, size, and other physical characteristics of the land, the extent to which the land contains wildlife, wildlife habitat, and the purposes of the CRP.

(4) Spot grazing, if necessary for control of weed infestation, not to exceed a 30-day period according to an approved conservation plan, but only in exchange for a payment reduction determined by the Deputy Administrator.

(5) Forestry maintenance such as pruning, thinning, and timber stand improvement on lands converted to forestry use only in accordance with a conservation plan and in exchange for an applicable reduction in the annual rental payment as determined by the Deputy Administrator.

(6) The sale of carbon, water quality, or other environmental credits, as determined by the Deputy Administrator.

Signed at Washington, DC, on May 2, 2003.

James R. Little,

Executive Vice President, Commodity Credit Corporation.
