

## National Environmental Policy Act

We have analyzed this rule in accordance with the criteria of the National Environmental Policy Act of 1969. We have prepared an environmental assessment as defined under the authority of NEPA, which is available from the Service office identified in the **ADDRESSES** section. In that environmental assessment, we determined that this rule does not constitute a major Federal action significantly affecting the quality of the human environment.

## Government-to-Government Relationship With Tribes (E.O. 13175)

In accordance with the President's memorandum of April 29, 1994, "Government-to-Government Relations with Native American Tribal Governments" (59 FR 22951), E.O. 13175, and 512 DM 2, we have closely coordinated this rule with the affected tribe, the Rosebud Sioux Tribe. Throughout development of this rule, we have maintained regular contact with the Rosebud Sioux Tribe and have received their support for this reintroduction and NEP designation.

## Energy Supply, Distribution, or Use (E.O. 13211)

On May 18, 2001, the President issued Executive Order 13211 on regulations that significantly affect energy supply, distribution, and use. Executive Order 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. Because this final rule is not a significant regulatory action under Executive Order 12866, it is not expected to significantly affect energy supplies, distribution, and use. Therefore, this action is not a significant energy action, and no Statement of Energy Effects is required.

## Authors

The primary authors of this rule are Mike Lockhart and Scott Larson (see **ADDRESSES** section).

## List of Subjects in 50 CFR Part 17

Endangered and threatened species, Exports, Imports, Reporting and recordkeeping requirements, Transportation.

## Regulations Promulgation

■ Accordingly, we amend part 17, subchapter B of chapter I, title 50 of the U.S. Code of Federal Regulations, as set forth below:

## PART 17—[AMENDED]

■ 1. The authority citation for Part 17 continues to read as follows:

**Authority:** 16 U.S.C. 1361–1407; 16 U.S.C. 1531–1544; 16 U.S.C. 4201–4245; Pub. L. 99–625, 100 Stat. 3500; unless otherwise noted.

■ 2. Amend § 17.11(h) by revising the existing entry for "Ferret, black-footed" under "MAMMALS" to read as follows:

## § 17.11 Endangered and threatened wildlife.
