## DEPARTMENT OF ENERGY

## Federal Energy Regulatory Commission

## 18 CFR Parts 260, 357 and 385

[Docket No. RM03-3-000; Order No. 628]

**Before Commissioners: Pat Wood, III, Chairman; William L. Massey, and Nora Mead Brownell; Elimination of the Paper Filing Requirements of FERC Form Nos. 2, 2-A and 6; Order No. 628**

Issued December 26, 2002.

**AGENCY:** Federal Energy Regulatory Commission.

**ACTION:** Final rule.

**SUMMARY:** The Federal Energy Regulatory Commission (Commission) is amending its regulations to eliminate the paper filing requirements of Form Nos. 2 (Form 2), 2-A (Form 2-A), and 6 (Form 6). Commencing with the calendar year 2002 report filing due March 31, 2003 for the Form 2-A and Form 6, and April 30, 2003 for the Form 2, only electronic submission using Commission-provided software will be required. The elimination of the paper submissions yields significant benefits to the respondents and the Commission. These benefits include reduced printing and handling costs and an overall reduction in filing burden for the respondents, and a reduction in processing and maintenance costs incurred by the Commission.

**EFFECTIVE DATE:** This final rule is effective February 3, 2003.

**SUPPLEMENTARY INFORMATION:**

**I. Introduction**

1. This Final Rule revises parts 260, 357 and 385 of the Commission's regulations to require only the electronic filing of the FERC Form No. 2 "Annual Report for Major Natural Gas Companies" (Form 2), FERC Form No. 2-A "Annual Report for Nonmajor Natural Gas Companies" (Form 2-A) and FERC Form No. 6 "Annual Report of Oil Pipeline Companies" (Form 6). Commencing with the reports for calendar year 2002, due no later than March 31, 2003 for the Form 2-A and Form 6, and April 30, 2003 for the Form 2, there will be no further requirement for paper copy filings. The Commission has determined that the elimination of the paper copies of the Forms 2, 2-A and 6 will provide significant benefits to both the respondents and the Commission. These benefits include reduced printing and handling costs and an overall reduction in filing burden for the respondents, and a reduction in processing and maintenance costs incurred by the Commission.

**II. Background**

*Forms 2 and 2-A*

2. Forms 2 and 2-A data are collected pursuant to Sections 8 and 10 of the Natural Gas Act (NGA). Section 8 of the NGA<sup>1</sup> gives the Commission the authority to issue regulations and rules requiring natural gas companies to make, keep and preserve accounts, records, correspondence, memoranda, papers and books. Section 10 of the NGA<sup>2</sup> gives the Commission authority through rules and regulations to require periodic and special reports. The Commission's Forms 2 and 2-A filing requirements are found at 18 CFR 260.1 and 260.2.

3. Forms 2 and 2-A collect general corporate information that includes: Summary financial information, balance sheets and income statements and supporting information, gas plant information, operating expenses and statistical data. The information is used in the continuous review of the financial condition of jurisdictional natural gas companies, in various rate proceedings and in the Commission's audit program. Forms 2 and 2-A data
