

AGENCY: U.S. Institute for Environmental Conflict Resolution, Morris K. Udall Foundation.

ACTION: Notice of meeting.

SUMMARY: The National Environmental Conflict Resolution (ECR) Advisory Committee, of the U.S. Institute for Environmental Conflict Resolution, will conduct a public meeting on Monday and Tuesday, June 9–10, 2003, at Coolfont Resort and Conference Center, Cold Run Valley Road, Berkeley Springs, West Virginia. The meeting will occur from 8 a.m. to approximately 3 p.m. on June 9, and from 8 a.m. to approximately 2 p.m. on June 10.

Members of the public may attend the meeting in person. Seating is limited and is available on a first-come, first-served basis. During this meeting, the Committee will discuss: Committee organizational details; environmental conflict resolution (ECR) processes in connection with section 101 of the National Environmental Policy Act (NEPA); best practices in ECR; reports of subcommittees on NEPA Section 101, best practices, and affected communities; and plan for future committee work. Members of the public may make oral comments at the meeting or submit written comments. In general, each individual or group making an oral presentation will be limited to five minutes, and total oral comment time will be limited to one-half hour each day. Written comments may be submitted by mail or by e-mail to memerson@ecr.gov. Written comments received in the Institute office far enough in advance of a meeting may be provided to the Committee prior to the meeting; comments received too near the meeting date to allow for distribution will normally be provided to the Committee at the meeting. Written comments may be provided to the Committee until 5 p.m. on Tuesday, June 2, 2003, at the address below, or in person at the time of the meeting. Comments submitted during or after the meeting will be accepted but may not be provided to the Committee until after that meeting.

FOR FURTHER INFORMATION CONTACT: Any member of the public who desires further information concerning the meeting or wishes to submit oral or written comments should contact Melanie Emerson, Program Associate, U.S. Institute for Environmental Conflict Resolution, 130 S. Scott Avenue, Tucson, AZ 85701; phone (520) 670–5299, fax (520) 670–5530, or e-mail at memerson@ecr.gov. Requests to make oral comments must be in writing (or by e-mail) to Ms. Emerson and be received no later than 5 p.m. Mountain Standard

Time on Tuesday, June 2, 2003. Copies of the draft meeting agenda may be obtained from Ms. Emerson at the address, phone and e-mail address listed above.

Dated: May 12, 2003.

Christopher L. Helms,

Executive Director, Federal Register Liaison Officer.

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: National Science Foundation.

ACTION: Submission for OMB review; comment request.

SUMMARY: Under the Paperwork Reduction Act of 1995, Pub. L. 104–13 (44 U.S.C. 3501 *et seq.*), and as part of its continuing effort to reduce paperwork and respondent burden, the National Science Foundation (NSF) is inviting the general public and other Federal agencies to comment on this proposed continuing information collection. This is the second notice for public comment; the first was published in the **Federal Register** at 67 FR 79161 on December 27, 2002 and no comments were received. NSF is forwarding the proposed submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

DATES: Comments regarding these information collections are best assured of having their full effect if received by OMB within 30 days of publication in the **Federal Register**.

ADDRESSES: Written comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of NSF, including whether the information will have practical utility; (b) the accuracy of NSF's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; or (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science Foundation, 725 17th Street, NW., Room

10235, Washington, DC 20503, and to Teresa R. Pierce, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230 or send e-mail to tpierce@nsf.gov. Copies of the submission may be obtained by calling (703) 292–7555.

FOR FURTHER INFORMATION CONTACT:

Teresa R. Pierce, NSF Reports Clearance Officer at (703) 292–7555 or send e-mail to tpierce@nsf.gov.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

SUPPLEMENTARY INFORMATION:

Title of Collection: 2003 National Survey of Recent College Graduates
OMB Approval Number: 3145–0077.

Abstract: The National Survey of Recent College Graduates (NSRCG) has been conducted biennially since 1974. The 2003 NSRCG will consist of a sample of individuals who have completed bachelor's and master's degrees in science and engineering from U.S. institutions.

The purpose of this study is to provide national estimates on the new entrants in the science and engineering workforce and to provide estimates on the characteristics of recent bachelor's and master's graduates with science and engineering degrees. The study is one of three components of the Scientists and Engineers Statistical Data System (SESTAT), which produces national estimates of the size and characteristics of the nation's science and engineering population.

The National Science Foundation Act of 1950, as subsequently amended, includes a statutory charge “to provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering resources, and to provide a source of information for policy formulation by other agencies of the Federal Government.” The NSRCG is designed to comply with these mandates by providing information on the supply and utilization of the nation's recent bachelor's and master's level scientists and engineers. Collected data will be used to produce estimates of the characteristics of these individuals. They will also provide necessary input into the SESTAT labor force data system, which produces national
