Notice is hereby given that VA is establishing a new system of records entitled "VA VetBiz Vendor Information Pages" (123VA00VE).

**DATES:** Comments on the establishment of this new system of records must be received no later than June 16, 2003. If no public comment is received, the new system will become effective June 16, 2003.

All relevant material received before June 16, 2003, will be considered. Comments will be available for public inspection at the above address in the Office of Regulation Policy and Management, room 1158, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays).

**FOR FURTHER INFORMATION CONTACT:** Ms. Gail Wegner (00VE), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, telephone number (202) 254-0233.

**SUPPLEMENTARY INFORMATION:** Public Law 106-50, section 302 requires, in pertinent part:

(5) Establishment of an information clearinghouse to collect and distribute information, including by electronic means, on the assistance programs of Federal, State, and local governments, and of the private sector, including information on office locations, key personnel, telephone numbers, mail and electronic addresses, and contracting and subcontracting opportunities.

(6) Provision of Internet or other distance learning academic instruction for veterans in business subjects, including accounting, marketing, and business fundamentals.

(7) Compilation of a list of small business concerns owned and controlled by service-disabled veterans that provide products or services that could be procured by the United States and delivery of such list to each department and agency of the United States. Such list shall be delivered in hard copy and electronic form and shall include the name and address of each such small business concern and the products or services that it provides."

Section 604 requires:

(b) Identification of Small Business Concerns Owned by Eligible Veterans. Each fiscal year, the Secretary of Veterans Affairs shall, in consultation with the Assistant Secretary of Labor for Veterans' Employment and Training and the Administrator of the Small Business Administration, identify small business concerns owned and controlled by veterans in the United States. The Secretary shall inform each small business concern identified under this paragraph that information on Federal procurement is available from the Administrator.

This new system of records will be used to maintain and access an automated database containing the information on veteran-owned businesses set forth in the law (section 302, paragraph (7) and section 604, paragraph (b)). While corporations do not have any Privacy Act rights, it is not entirely clear whether individuals

acting in an entrepreneurial capacity, such as a sole proprietor of a small business, have Privacy Act rights. Hence, the adoption of this system of records.

The automated database is known as the VA VetBiz Vendor Information Pages (VIP). The database includes data on veteran-owned businesses extracted from the Small Business Administration's Procurement Marketing and Access Network (Pro-Net) database, the Central Contractor Registration database, and other databases. It will be augmented with voluntarily submitted data provided by veteran-owned businesses wishing to do business with the Federal government and private entities either in a capacity as a prime contractor or as a subcontractor.

The information in this system will be maintained in electronic form. The information in these records will be freely available to government agencies, companies, and the general public via the Internet.

A "Report of Intention to Publish a **Federal Register** Notice of a New System of Records" and an advance copy of the new system notice have been provided to the Chairmen of the House Committee on Governmental Reform and the Senate Committee on Governmental Affairs, and the Director, Office of Management and Budget (OMB), as required by provisions of title 5, U.S.C. 522a (Privacy Act), and guidelines issued by OMB (61 FR 6428) (1996).

Approved: May 2, 2003.
