

total of four subpriorities within both categories 7 and 8. They would be the following:

(i) Noncompensable zero percent service-connected veterans who are in an enrolled status on a specified date announced in a **Federal Register** document and who subsequently do not request disenrollment;

(ii) Nonservice-connected veterans who are in an enrolled status on a specified date announced in a **Federal Register** document and who subsequently do not request disenrollment;

(iii) Noncompensable zero percent service-connected veterans not included in paragraph (i); and

(iv) Nonservice-connected veterans not included in paragraph (ii).

This rule change reflects VA's view that veterans who are enrolled in the VA system should have a higher priority than those who have not sought enrollment and that those veterans with a service-connected disability should have a higher priority than those without a service-connected disability. This change also is necessary in order to carry out the announcement in this document that VA will cease enrolling additional veterans that VA would be required to place in the third and fourth subpriority in priority category 8.

Administrative Procedure Act and Congressional Review Act

We have found good cause to dispense with the notice-and-comment and delayed effective date provisions of the Administrative Procedure Act (5 U.S.C. 553) and the notice and public procedure provisions of the Congressional Review Act (5 U.S.C. 801–808) because compliance with such provisions would be impracticable and contrary to the public interest.

Changes made by this rule reflect a VA enrollment decision based on available funding. Delaying implementation would exacerbate problems with providing enrolled veterans with timely access to needed care.

Unfunded Mandates

The Unfunded Mandates Reform Act requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before developing any rule that may result in an expenditure by State, local, or tribal governments, in the aggregate, or by the private sector of \$100 million or more in any given year. This rule would have no consequential effect on State, local, or tribal governments.

Paperwork Reduction Act

This document contains no provisions constituting a collection of information under the Paperwork Reduction Act (44 U.S.C. 3501–3521).

Executive Order 12866

This rule is economically significant under Executive Order 12866 and major under the Congressional Review Act. The Office of Management and Budget have reviewed this rule.

Regulatory Flexibility Act

The Secretary hereby certifies that this regulatory amendment will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (RFA), 5 U.S.C. 601–612. This amendment would not directly affect any small entities. Only individuals could be directly affected. Therefore, pursuant to 5 U.S.C. 605(b), this amendment is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Approved: January 8, 2003.

Anthony J. Principi,
Secretary of Veterans Affairs.

For the reasons set out in the preamble, 38 CFR part 17 is amended as set forth below:

PART 17—MEDICAL

1. The authority citation for part 17 continues to read as follows:

Authority: 38 U.S.C. 501, 1721, unless otherwise noted.

2. In § 17.36 paragraphs (b)(7), (b)(8) and (c)(2) are revised to read as follows:

§ 17.36 Enrollment—provision of hospital and outpatient care to veterans.

* * * * *

(b) * * *

(7) Veterans who agree to pay to the United States the applicable copayment determined under 38 U.S.C. 1710(f) and 1710(g) if their income for the previous year constitutes “low income” under the geographical income limits established by the U.S. Department of Housing and Urban Development for the fiscal year that ended on September 30 of the previous calendar year. For purposes of this paragraph, VA will determine the income of veterans (to include the income of their spouses and dependents) using the rules in §§ 3.271, 3.272, 3.273, and 3.276. After determining the veterans’ income and the number of persons in the veterans’ family (including only the spouse and dependent children), VA will compare their income with the current applicable “low-income” income limit for the public housing and section 8 programs in their area that the U.S. Department of Housing and Urban Development publishes pursuant to 42 U.S.C. 1437a(b)(2). If the veteran’s income is below the applicable “low-income” income limits for the area in which the veteran resides, the veteran will be considered to have “low income” for purposes of this paragraph. To avoid a hardship to a veteran, VA may use the projected income for the current year of the veteran, spouse, and dependent children if the projected income is below the “low income” income limit referenced above. This category is further prioritized into the following subcategories:

(i) Noncompensable zero percent service-connected veterans who are in an enrolled status on a specified date announced in a **Federal Register** document promulgated under paragraph (c) of this section and who subsequently do not request disenrollment;

(ii) Nonservice-connected veterans who are in an enrolled status on a specified date announced in a **Federal Register** document promulgated under paragraph (c) of this section and who subsequently do not request disenrollment;

(iii) Noncompensable zero percent service-connected veterans not included in paragraph (b)(7)(i) of this section; and

(iv) Nonservice-connected veterans not included in paragraph (b)(7)(ii) of this section.

(8) Veterans not included in priority category 4 or 7, who are eligible for care only if they agree to pay to the United States the applicable copayment determined under 38 U.S.C. 1710(f) and 1710(g). This category is further
