Medicare participating inpatient rehabilitation facilities must do a complete assessment that accurately reflects your current clinical status and includes information that can be used to show your progress toward your rehabilitation goals. The inpatient rehabilitation facility must use the Inpatient Rehabilitation Facility-Patient Assessment Instrument (IRF-PAI) as part of that assessment, when evaluating your clinical status. The IRF-PAI must be used to assess every Medicare Part A fee-for-service inpatient, and it may be used to assess other types of inpatients. This information will be used by the Centers for Medicare & Medicaid Services (CMS) to be sure that the inpatient rehabilitation facility is paid appropriately for the services that they furnish you, and to help evaluate that the inpatient rehabilitation facility meets quality standards and gives appropriate health care to its patients. You have the right to refuse to provide information to the inpatient rehabilitation facility for the assessment. Information provided to the federal government for this assessment is protected under the Federal Privacy Act of 1974 and the IRF-PAI System of Records. You have the right to see, copy, review, and request correction of inaccurate or missing personal health information in the IRF-PAI System of Records.

**II. PRINCIPAL PURPOSES FOR WHICH YOUR INFORMATION IS INTENDED TO BE USED**
