### National Environmental Policy Act

An environmental assessment and finding of no significant impact have been prepared for this interim rule. The assessment provides a basis for the conclusion that the integrated eradication program will not have a significant impact on the quality of the human environment. Based on the finding of no significant impact, the Administrator of the Animal and Plant Health Inspection Service has determined that an environmental impact statement need not be prepared.

The environmental assessment and finding of no significant impact were prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Copies of the environmental assessment and finding of no significant impact are available for public inspection in our reading room (information on the location and hours of the reading room is provided under the heading **ADDRESSES** at the beginning of this interim rule). In addition, copies may be obtained by calling or writing to the individual listed under **FOR FURTHER INFORMATION CONTACT** or on the Internet at <http://www.aphis.usda.gov/ppd/es/alb.html>.
