

16. PJM Interconnection, L.L.C.

[Docket No. ER03-835-000]

Take notice that on May 8, 2003, PJM Interconnection, L.L.C. (PJM), submitted amendments to the Schedule 2 chart of the PJM Open Access Transmission Tariff (PJM Tariff) to incorporate into the Sixth Revised version of the PJM Tariff the revenue requirements for Reactive Supply and Voltage Control from General Sources Service (Reactive Service) that the Commission accepted for WPS Westwood Generation, LLC (Westwood), Liberty Electric Power, LLC (Liberty), Armstrong Energy Limited Partnership, LLLP (Armstrong), Handsome Lake Energy, LLC (Handsome Lake), Pleasants Energy, LLC (Pleasants) and Safe Harbor Water Power Corporation (Safe Harbor). PJM states that it also filed an amendment to the Schedule 2 chart in the Fifth Revised version of the PJM Tariff to reflect Handsome Lake's revised Reactive Service revenue requirements that were effective prior to the requested effective date of the Sixth Revised version of the PJM Tariff, but not previously incorporated into the Fifth Revised version of the PJM Tariff.

Consistent with the requested effective date of the Sixth Revised version of the PJM Tariff and the effective dates of the Commission's acceptance of the parties' Reactive Service revenue requirements, PJM requests the following effective dates for the revised sheets of the Sixth Revised version of the PJM Tariff filed in this docket: (1) First Revised Sheet No. 230—March 20, 2003, (incorporating Westwood's Liberty's, Armstrong's and Handsome Lake's revenue requirements); and (2) Second Revised Sheet No. 230—April 1, 2003, (incorporating Pleasants' and Safe Harbor's revenue requirements). PJM also requests an effective date of February 1, 2003, for the Eighth Revised Sheet No. 112A of the Fifth Revised volume of the PJM Tariff (incorporating Handsome Lake's revenue requirements).

PJM states that copies of this filing have been served on all PJM members, Westwood, Liberty, Armstrong, Handsome Lake, Pleasants, Safe Harbor, and each state electric utility regulatory commission in the PJM region.

Comment Date: May 29, 2003.

[Docket No. PA02-2-000]

Fact Finding Investigation of Potential Manipulation of Electric and Natural Gas Prices; Notice of Intent to Re-Release Information

May 14, 2003.

On March 5, 2003, the Commission issued a notice that it intended to release to the public information collected in its investigation into the manipulation of energy prices in the west, and sought, by March 12, 2003, comments from those companies and individuals who submitted information during the course of the investigation. On March 21, 2003, the Commission issued an order addressing the comments and responses to its March 5 notice, and further announced that it would release the information, except as noted in the order, in no less than five days after issuance of the order.¹ One

exception to the release was personal personnel information. Thereafter, on March 26, 2003, the Commission released the remaining information.

Subsequent to the release of the information, on March 28, 2003, the Commission received the first of numerous motions from Enron asking that certain parts of the released information be removed from public access. These motions in particular attempted to identify Enron employees' personal information. The Commission also received calls on its Enforcement Hotline from Enron employees who were concerned about their personal information being available on the internet. As quickly as possible, the Commission staff accommodated these requests in keeping with the Commission's stated concerns in the March 21 order about releasing certain personal data.

On April 7, 2003, the Commission removed all Enron e-mails from its web site. The Commission's action removing the Enron e-mails from its Web site coincided exactly with the United States Court of Appeals for the Fifth Circuit's stay of the March 21 order to the extent the stay action implicated the withdrawal of Enron e-mails from the agency's web site. *See Enron Corp. v. FERC*, No. 03-60295.

On April 22, 2003, the Commission issued an order stating that it would not re-release any of the documents that respondents sought to be withheld with specificity until the Commission reviewed those documents and gave the respondents and the public notice of its intent to re-release specific documents.² In the April 22 order, the Commission directed its staff to review the data proffered for removal and ascertain whether indeed it should be in the public domain. With respect to the data that was removed from the Commission's Web site pursuant to the April 7 notice but that was not identified by any company or individual for permanent removal, the Commission directed its staff to return that data to the agency's web site.

Take notice that pursuant to the Commission's April 22 order in this docket, no later than May 14, 2003, the Commission shall re-release the data that was removed from the Commission's Web site pursuant to the April 7 notice but was not identified by any company or individual for permanent removal. The data that was identified for permanent removal will not be re-released, if at all, until the Commission's staff has reviewed the documents as directed by the April 22
