This action classifies the lands identified above for disposal through the Recreation and Public Purposes Act of 1926 (43 U.S.C. 869 *et seq.*) to protect the historic lighthouse, lighthouse related structures and the surrounding lands. The subject land was identified in the Michigan Resource Management Plan Amendment, approved June 30, 1997, as not needed for Federal purposes and having potential for disposal to protect the historic structures and surrounding lands. Lease or conveyance of the land for recreational and public purpose use would be in the public interest. Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Milwaukee Field Office, Wisconsin.

SUPPLEMENTARY INFORMATION: Pursuant to an Executive Order dated June 30, 1851, a parcel of public land totaling 58.75 acres was reserved for lighthouse purposes on the Leelanau Peninsula. In accordance with Public Law 827 dated March 3, 1931, a deed was issued on February 15, 1932, to the State of Michigan for that portion of the lighthouse reservation no longer needed for lighthouse purposes. The portion conveyed was to be used for public park purposes and comprised approximately 42.38 acres.

The Department of Transportation, United States Coast Guard, submitted a Notice of Intent (NOI) to relinquish custody, accountability, and control of the remaining 16.37 acres, more or less. The Bureau of Land Management has recommended that the remaining lands be determined suitable for return to their former status as public lands, such determination to be made by the Secretary of the Interior and accomplished by the issuance of a public land order revoking the Executive Order as to the remaining lands. A proposed public land order for this purpose currently is pending and awaiting action within the Department.

The State of Michigan Department of Natural Resources has applied for patent to the land under the R&PP Act of 1926, as an addition to Leelanau State Park.

The lease/patent when issued, will be subject to the following terms, conditions and reservations:

1. Provisions of the Recreation and Public Purposes Act of 1926, as amended and to all applicable regulations of the Secretary of the Interior.

2. Valid existing rights.

3. All minerals are reserved to the United States, together with the right to prospect for, mine and remove the minerals.

4. Terms and conditions identified through the site specific environmental analysis.

5. Any other rights or reservations that the authorized officer deems appropriate to ensure public access and proper management of Federal lands and interest therein.

Upon publication of this notice in the **Federal Register**, the above described lands will be segregated from all forms of disposal or appropriation under the public land laws, except for lease or conveyance under the Recreation and Public Purposes Act and leasing under the mineral leasing laws.
