SUMMARY: The Environmental Protection Agency (EPA) Region 8 is publishing a Direct Final Notice of Deletion of the Rose Park Sludge Pit Superfund Site (Site), located in Salt Lake City, Utah, from the National Priorities List (NPL).

The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is appendix B to 40 CFR part 300, the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). This direct final deletion is being published by EPA with the concurrence of the State of Utah, through the Utah Department of Environmental Quality (UDEQ), based on EPA's determination that all appropriate response actions under CERCLA, other than five-year reviews and operation & maintenance,

have been completed at the Site and, therefore, further remedial action pursuant to CERCLA is not appropriate.

DATES: This direct final deletion will be effective June 30, 2003, unless EPA receives adverse comments by June 23, 2003. If EPA receives significant adverse comment(s), EPA will withdraw the Direct Final Notice of Deletion and it will not take effect.

V. Deletion Action**I. Introduction**

EPA Region 8 is publishing this Direct Final Notice of the Deletion of the Rose Park Sludge Pit Superfund Site from the NPL.

The EPA identifies sites that appear to present a significant risk to public health or the environment and maintains the NPL as the list of those sites. As described in § 300.425(e)(3) of the NCP, sites deleted from the NPL remain eligible for remedial actions if conditions at a deleted site warrant such action, pursuant to EPA's authority under CERCLA and the NCP.

Because EPA considers this action to be noncontroversial, this action is being taken without prior publication of a notice of intent to delete. This action will be effective June 30, 2003 unless EPA receives adverse comments by June 23, 2003 on this document. If adverse comments are received within the 30-day public comment period on this document, EPA will publish a timely withdrawal of this direct final deletion before the effective date of the deletion and the deletion will not take effect. EPA will, as appropriate, prepare a response to comments and continue with the deletion process on the basis of this Notice and the comments already received. There will be no additional opportunity to comment on this deletion process.

Section II of this document explains the criteria for deleting sites from the NPL. Section III discusses procedures that EPA is using for this action. Section
