Community Involvement

The impacted community, near the Site, has been represented by the Capital Hill Neighborhood Council (Council). The Council was funded by a Technical Assistance Grant from EPA. Mr. Paul Anderson acted as the Council's advisor and actively participated as a stakeholder during the planning and cleanup of the Site. Community relation activities included public meetings, site tours and fact sheets.

Public participation activities have been satisfied as required in CERCLA section 113(k), 42 U.S.C. 9613(k), and CERCLA section 117, 42 U.S.C. 9617. Documents in the deletion docket, which EPA relied on for recommendation of the deletion from the NPL, are available to the public in the information repository.

V. Deletion Action

The EPA, with concurrence from the State of Utah through UDEQ, has determined that all appropriate responses under CERCLA have been completed, and that no further response actions, under CERCLA are necessary. Therefore, EPA is taking this action to delete the Site from the NPL.

Because EPA considers this action to be noncontroversial, this action is being taken without prior publication of a notice of intent to delete. This action will be effective June 30, 2003, unless EPA receives adverse comments by June 23, 2003. If adverse comments are received within the 30-day public comment period on this document, EPA will publish a timely withdrawal of this direct final deletion before the effective date of the deletion and the deletion will not take effect. EPA will, as appropriate, prepare a response to comments and continue with the deletion process on the basis of the notice of intent to delete and the comments already received. There will be no additional opportunity to comment on this deletion process.
