#### 14 CFR Part 71

[Docket No. FAA–2003–15076; Airspace Docket No. 03–ACE–44]

#### Modification of Class E Airspace; Kaiser, MO

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Direct final rule; request for comments.

**SUMMARY:** This action modifies Class E airspace at Kaiser, MO. It corrects discrepancies in airport reference points and in airport names that are used in the legal description of the Class E airspace area and it modifies the title of the airspace area from Kaiser, MO to Kaiser/Lake Ozark, MO. This action incorporates the data in the Class E airspace legal description and brings the airspace area into compliance with FAA Order 7400.2E, Procedures for Handling Airspace Matters.

**DATES:** This direct final rule is effective on 0901 UTC, September 4, 2003. Comments for inclusion in the Rules Docket must be received on or before June 25, 2003.

**ADDRESSES:** Send comments on this proposal to the Docket Management System, U.S Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590–0001. You must identify the docket number FAA–2003–15076/ Airspace Docket No. 03–ACE–44, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1–800–647–55227) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

**FOR FURTHER INFORMATION CONTACT:** Brenda Mumper, Air Traffic Division, Airspace Branch, ACE–520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329–2524.

**SUPPLEMENTARY INFORMATION:** This amendment to 14 CFR part 71 modifies the Class E airspace area extending upward from 700 feet above the surface at Kaiser, MO. The National Aeronautical Charting Office (NACO) revised the Camdenton Memorial Airport airport reference point effective February 20, 2003. The Kaiser, MO Class E airspace area is defined, in part, by the Camdenton Memorial Airport airport reference point. This same data is also used in the legal description for the airspace area. An examination of controlled airspace for Kaiser, MO revealed additional discrepancies in the Kaiser, MO Class E airspace area. Two other airports, also used in the legal description for the airspace area, were not named correctly in the legal description and their location incorrectly identified. This amendment incorporates the revised Camdenton Memorial Airport airport reference point. It modifies the name of the airport at Osage Beach, MO from "Linn Creek-Grand Glaize Memorial Airport" to "Grand Glaize-Osage Beach Airport" and corrects an error in the airport reference point. This amendment also modifies the name of the airport at Kaiser, MO from "Lee E. Fine Memorial Airport" to "Lee C. Fine Memorial Airport" and identifies the location as Kaiser/Lake Ozark, MO. Finally, this action modifies the title of the Kaiser, MO Class E airspace area to become the Kaiser/Lake Ozark, MO Class E airspace area. These changes bring the legal description of the Class E airspace area into compliance with FAA Order 7400.2E, Procedures for Handling Airspace Matters. This area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

#### The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above.
