III. Request for Comments

Prospective respondents and other interested parties should comment on the actions discussed in item II. The following guidelines are provided to assist in the preparation of comments. Please indicate to which form(s) your comments apply.

General Issues

A. Is the proposed collection of information necessary for the proper performance of the functions of the agency and does the information have practical utility? Practical utility is defined as the actual usefulness of information to or for an agency, taking into account its accuracy, adequacy, reliability, timeliness, and the agency's ability to process the information it collects.

B. What enhancements can be made to the quality, utility, and clarity of the information to be collected?

As a Potential Respondent to the Request for Information

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information to be collected?

B. Are the instructions and definitions clear and sufficient? If not, which instructions need clarification?

C. Can the information be submitted by the due date?

D. Public reporting burdens for the forms are estimated to average:

Estimated Hours Per Response in 2004 With Changes (Current 2003 Hours Per Response)

EIA-800, "Weekly Refinery and Fractionator Report,"—1.58 hours (1.12 hours)

EIA-801, "Weekly Bulk Terminal Report,"—0.95 hours (0.72 hours)

EIA-802, "Weekly Product Pipeline Report,"—0.95 hours (0.69 hours)

EIA-803, "Weekly Crude Oil Stocks Report,"—0.50 hours (0.45 hours)

EIA-804, "Weekly Imports Report,"—1.58 hours (1.22 hours)

EIA-805, "Weekly Terminal Blenders Report,"—0.58 hours (new form)

EIA-810, "Monthly Refinery Report,"—4.74 hours (3.31 hours)

EIA-811, "Monthly Bulk Terminal Report,"—2.21 hours (1.70 hours)

EIA-812, "Monthly Product Pipeline Report,"—2.85 hours (2.09 hours)

EIA-813, "Monthly Crude Oil Report,"—1.50 hours (1.37 hours)

EIA-814, "Monthly Imports Report,"—2.53 hours (1.93 hours)

EIA-815, "Monthly Terminal Blenders Report,"—1.15 hours (new form)

EIA-816, "Monthly Natural Gas Liquids Report,"—0.95 hours (0.78 hours)

EIA-817, "Monthly Tanker and Barge Movement Report,"—2.21 hours (1.62 hours)

EIA-819, "Monthly Oxygenate Telephone Report,"—0.63 hours (0.50 hours)

EIA-820, "Annual Refinery Report"—2.30 hours (2.00 hours)

The estimated burdens include the total time necessary to provide the requested information. In your opinion, how accurate are the estimates?

The agency estimates that the only cost to a respondent is for the time it will take to complete the collection. Will a respondent incur any start-up costs for reporting, or any recurring annual costs for operation, maintenance, and purchase of services associated with the information collection?

E. What additional actions could be taken to minimize the burden of this collection of information? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

F. Does any other Federal, State, or local agency collect similar information? If so, specify the agency, the data element(s), and the methods of collection.

As a Potential User of the Information To Be Collected

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information disseminated?

B. Is the information useful at the levels of detail to be collected?

C. For what purpose(s) would the information be used? Be specific.

D. Are there alternate sources for the information and are they useful? If so, what are their weaknesses and/or strengths?

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the form. They also will become a matter of public record.
