Acquisition Regulation: Background Checks for Environmental Protection Agency Contractors Performing Services On-Site

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to amend the EPA Acquisition Regulation (EPAAR) to add a clause requiring contractors (and subcontractors) to perform background checks and make suitability determinations for contractor (and subcontractor) employees performing services on or within Federally-owned or leased space and facilities, commercial space primarily occupied

by Federal employees, and Superfund, Oil Pollution Act, and Stafford Act sites. The clause will require contractors (and subcontractors) to perform background checks and make suitability determinations on their employees before the employees can perform on-site contract services for the EPA. Contracting Officers will be allowed to waive the requirements of the clause on a case-by-case basis. The process contemplated by the clause will allow EPA to mitigate any actual or potential threat to the public health, welfare and the environment.
