

disconnected and sealed off and, as the opportunities arise, Panhandle states that it may either reuse the parts of the abandoned units for maintenance and repair of similar remaining units, or sell the equipment as salvage. Panhandle further states that the abandonment of these facilities will not result in the abandonment of service to any of Panhandle's existing shippers, nor will the proposed abandonment adversely affect Panhandle's ability to meet current service requirements.

Any questions concerning this application may be directed to William W. Grygar, Vice President, Rates and Regulatory Affairs, Panhandle Eastern Pipe Line Company, P. O. Box 4967, Houston, Texas 77210-4967, call (713) 989-7000 or fax (713) 989-1180.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10) by the comment date, below. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.201(a)(1)(iii) and the instructions on the Commission's Web site under the

"e-Filing" link. The Commission strongly encourages electronic filings.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

3. New York State Electric & Gas Corporation

[Docket Nos. ER03-315-000 and ER03-315-001]

Take notice that on December 23, 2002, as corrected on January 9, 2003, New York State Electric & Gas Corporation (NYSEG) tendered for filing pursuant to Section 205 of the Federal Power Act and Section 35.13 of the Federal Energy Regulatory Commission's (FERC or Commission) Regulations, a supplement to Rate Schedule 227 filed with FERC corresponding to an Agreement with the Municipal Board of the Village of Bath (the Village).

This rate filing is made pursuant to Section 2(a) through 4 of Article IV of the May 1, 2001 Facilities Agreement between NYSEG and the Village, filed with FERC. The annual charges for routine operation and maintenance and general expenses, as well as revenue and property taxes are revised based on data taken from NYSEG's Annual Report to the FERC (FERC Form 1) for the twelve month period ending December 31, 2001. The revised facilities charge is levied on the cost of the tap facility constructed and owned by NYSEG to connect the Village's 34 kV transmission line to NYSEG's kV transmission system. NYSEG requests an effective date of January 1, 2003.

NYSEG states that copies of the filing were served upon the Municipal Board of the Village of Bath and Public Service Commission of the State of New York.
