

establishments and establishments producing raw ground products must meet; and (4) require that all meat and poultry establishments develop and implement a system of preventive controls designed to improve the safety of their products, known as HACCP.

FSIS plans to incorporate the currently approved *E. coli* contamination in beef products ICP into this revised and extended Pathogen Reduction/HACCP ICP. The OMB approval number for the *E. coli* contamination ICP is 0583-0103. FSIS has decided to combine the *E. coli* contamination in beef products ICP into the Pathogen Reduction/HACCP ICP because the Pathogen Reduction/HACCP ICP covers information collections that occur under the Agency's pathogen reduction efforts. The *E. coli* contamination in beef products ICP covers the Agency's collection of information from Federal grinding establishments concerning the suppliers of source materials.
