SUPPLEMENTARY INFORMATION:

The Rule

This amendment to 14 Code of Federal Regulations (CFR) part 73 changes the using agency of R-2301E, East Ajo, AZ; R-2304, Gila Bend, AZ; and R-2305, Gila Bend, AZ. On November 8, 2002, the United States Air Force requested that the FAA change the using agency for R-2301E, R-2304, and R-2305, from "US Air Force, 58th Fighter Wing, Luke AFB, AZ," to "US Air Force, 56th Fighter Wing, Luke AFB, AZ." This action addresses that request. This is an administrative change and does not affect the boundaries; designated altitudes; or activities conducted within the restricted areas. Therefore, notice and public procedures under 5 U.S.C. 553(b) are unnecessary.

Section 73.48 of part 73 of the Federal Aviation Regulations was republished in FAA Order 7400.8K dated September 26, 2002.

The FAA has determined that this action only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1D, Policies and Procedures for Considering Environmental Impacts. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.
