

for information regarding vessel captains.

Needs and Uses: NOAA National Marine Fisheries Service (NMFS) needs this data collection to properly implement the referendum procedures specified in the Magnuson-Stevens Fishery Conservation and Management Act (Act). The Act provides that on or after October 1, 2000, the Gulf of Mexico Fishery Management Council may prepare and submit a fishery management plan, plan amendment, or regulation for the Gulf of Mexico commercial red snapper fishery that creates an individual fishing quota (IFQ) program or that authorizes the consolidation of licenses, permits, or endorsements that result in different trip limits for vessels in the same class. These actions can only take place if the preparation of such plan, amendment, or regulation is approved in a referendum, and only if the submission to the Secretary of such plan, amendment, or regulation is approved in a subsequent referendum. NMFS also needs to gather data about vessel captains, who are eligible to participate in the referenda, from permit holders with red snapper endorsements.

Affected Public: Business or other for-profit organizations, individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Initiation of antidumping duty investigations.

EFFECTIVE DATE: May 29, 2003.

FOR FURTHER INFORMATION CONTACT: Irina Itkin at (202) 482-0656, or Michael Strollo at (202) 482-0629, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Initiation of Investigations

The Petitions

On May 2, 2003, the Department of Commerce ("the Department") received petitions filed in proper form by Five Rivers Electronic Innovations, LLC ("Five Rivers"), the International Brotherhood of Electrical Workers ("IBEW"), and the Industrial Division of the Communications Workers of America ("IUE-CWA") (collectively "the petitioners").

In accordance with section 732(b)(1) of the Tariff Act of 1930 ("the Act"), the petitioners allege that imports of color television receivers ("CTVs") from Malaysia and the People's Republic of China ("the PRC"), are, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act, and that imports from Malaysia and the PRC, are materially injuring, or are threatening to materially injure, an industry in the United States.

The Department finds that the petitioners filed these petitions on behalf of the domestic industry because they are interested parties as defined in sections 771(9)(C) and 771(9)(D) of the Act and they have demonstrated sufficient industry support with respect to each of the antidumping investigations that they are requesting the Department to initiate. *See infra*, "Determination of Industry Support for the Petitions."

Scope of Investigations

For purposes of these investigations, the term "certain color television receivers" includes complete and incomplete direct-view or projection-type cathode-ray tube color television

receivers, with a video display diagonal exceeding 52 centimeters, whether or not combined with video recording or reproducing apparatus, which are capable of receiving a broadcast television signal and producing a video image. Specifically excluded from these investigations are computer monitors or other video display devices that are not capable of receiving a broadcast television signal.

The color television receivers subject to these investigations are currently classifiable under subheadings 8528.12.2800, 8528.12.3250, 8528.12.3290, 8528.12.4000, 8528.12.5600, 8528.12.3600, 8528.12.4400, 8528.12.4800, and 8528.12.5200 of the *Harmonized Tariff Schedule of the United States* ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the merchandise under investigation is dispositive.

As discussed in the preamble to the Department's regulations (*Antidumping Duties; Countervailing Duties; Final Rule*, 62 FR 27296, 27323 (May 19, 1997)), we are setting aside a period for parties to raise issues regarding product coverage. The Department encourages all parties to submit such comments within 20 calendar days of publication of this notice. Comments should be addressed to Import Administration's Central Records Unit, Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The period of scope consultations is intended to provide the Department with ample opportunity to consider all comments and consult with parties prior to the issuance of the preliminary determinations.

Determination of Industry Support for the Petitions

Section 732(b)(1) of the Act requires that a petition be filed on behalf of the domestic industry. Section 732(c)(4)(A) of the Act provides that the Department's industry support determination, which is to be made before the initiation of the investigation, be based on whether a minimum percentage of the relevant industry supports the petition. A petition meets this requirement if the domestic producers or workers who support the petition account for: (1) At least 25 percent of the total production of the domestic like product; and (2) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the
