

Change: None.

Background

On February 24, 1998, we published in the **Federal Register** (63 FR 9376–9378) a notice inviting applications for new awards under the Regional Resource Center Program for fiscal year 1998. Based on this notice, the Department made six awards of 56 months under 34 CFR 75.105(c)(3) and the Individuals with Disabilities Education Act (IDEA). Section 685 of IDEA authorizes the Secretary to support the establishment of Regional Resource Centers (RRCs). These Centers provide technical assistance and information that support States and local agencies in building capacity to improve early intervention, educational, and transitional services and results for children with disabilities and their families, and address systemic-change goals and priorities. The grant period for the six centers ends May 31, 2003.

In order to carry out activities related to implementing an initiative of the Office of Special Education Programs (OSEP) to identify and disseminate alternative approaches to identifying children with learning disabilities, it is necessary to issue continuation awards to the existing grantees. Specifically, the current RRCs are helping to conduct a survey in each of their regions to collect information on the ways that States identify children with learning disabilities.

In particular, the Secretary plans for the RRCs to work with staff of OSEP, the Kennedy Center Research Program on Learning Accommodations for Individuals with Special Needs at Vanderbilt University, State educational agencies, regional in-state technical assistance systems and other State and local agencies to:

(1) Develop a coordinated plan for identifying sites within each RRC region using alternative approaches for identification of children with learning disabilities;

(2) Assist in efforts to provide or gather evidence of the value of more effective approaches for addressing the needs of children with learning disabilities; and

(3) Use research-based dissemination, training, and technical assistance to extend and increase effective practices in the area of learning disabilities.

The RRCs will also work with centers providing technical assistance to projects funded under the Training and Information for Parents of Children with Disabilities program to continue to foster improved collaboration on the No Child Left Behind Act of 2001 and

IDEA, which will improve results for children with disabilities.

In addition, the Secretary plans for the RRCs to provide continued assistance to State educational agencies for Part B and the lead agencies for Part C in each region to support their implementation of continuous improvement and focused monitoring activities.

Reasons for Extension and Waiver

There is an immediate need to provide training and information to the populations that will be targeted by these efforts. Providing continuous support to existing grantees will help ensure the success of these efforts by avoiding the possible disruption or interruption of activities resulting from a change in grantees. Waiting until after a new RRC competition to begin this important work would severely hinder the Department's efforts to address the critical needs that are now present in the regions. The current RRCs have already conducted extensive training and information activities related to State implementation of the IDEA Amendments of 1997 and are best suited to conduct this effort. We have determined that an additional period of time is needed to begin the additional technical assistance and training activities described in this notice.

Therefore, the Secretary will issue continuation awards to the current grantees for twelve (12) months. A one-year time extension beginning June 1, 2003 thru May 31, 2004 is allowed to ensure the successful completion of the projects. The Secretary waives the requirements in 34 CFR 75.250 and 75.261(c)(2), which prohibit project periods exceeding 5 years and extensions that involve the obligation of additional Federal funds. This waiver gives the affected grantees early notice of the availability of an additional twelve months of funding.

Regulatory Flexibility Act Certification

The Secretary certifies that the extension of project period and waiver will not have a significant economic impact on a substantial number of small entities. The only small entities that would be directly affected are the six RRCs.

Paperwork Reduction Act of 1995

This extension of project period and waiver does not contain any information collection requirements.

Intergovernmental Review

This program is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR part 79.

One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

National Institute on Disability and Rehabilitation Research—Disability Rehabilitation Research Projects (DRRP) Program

Notice inviting applications for fiscal year (FY) 2003.

Purpose of the Program: The purpose of the DRRP program is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973 (the Act), as amended. For FY 2003 the competitions for new awards focus on projects designed to meet the priorities we describe in the Priority section of this application notice. We intend these
