Viking Gas Transmission Company; Notice of Refund Report

January 16, 2003.

Take notice that on December 13, 2002, Viking Gas Transmission Company (Viking) tendered for filing a report of refunds in accordance with the Offer of Settlement and Stipulation and Agreement filed by Viking on September 13, 2002, in the above-referenced docket and approved by the Commission by order issued November 8, 2002.

Viking states that copies of its filing have been served on all parties designated on the official service list in this proceeding, and on all Viking's jurisdictional customers and to affected state regulatory commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's rules and regulations. All such protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. [Docket No. CP03-37-000]

Williston Basin Interstate Pipeline Company; Notice of Application

January 16, 2003.

Take notice that on January 6, 2003, Williston Basin Interstate Pipeline Company (Williston Basin), P.O. Box 5601, Bismarck, North Dakota 58506-5601, filed in Docket No. CP03-37-000, an application pursuant to section 7(b) of the Natural Gas Act (NGA), as amended, and part 157 of the regulations of the Federal Energy Regulatory Commission (Commission), for permission and approval to abandon compression and appurtenant facilities in Hot Springs County, Wyoming, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Williston Basin proposes to abandon approximately a 369 horsepower compressor unit and appurtenant facilities at the Thermopolis Compressor Station. It is stated that Williston Basin no longer needs the facilities at this location to fulfill its service obligations, because gas needed to serve the town of Thermopolis, Wyoming, does not move through the compressor unit. It is stated that the facilities would be abandoned in place, with the possibility that they could be removed at a later date if needed at another location. Williston Basin estimates that the cost of abandoning the facilities would be \$1,503.

Any questions concerning this application may be directed to Keith A. Tigelaar, Director of Regulatory Affairs, at (701) 530-1560.

See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages intervenors to file electronically.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should file on or before the comment date with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 385.214 or 385.211) and the regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed
