

The telephone number is (202) 366-9329.

(3) By fax to the Docket Management Facility at (202) 493-2251.

(4) Electronically through the Web Site for the Docket Management System at <http://dms.dot.gov>.

The Docket Management Facility maintains the public docket for this notice. Comments will become part of this docket and will be available along with the draft EIS for inspection or copying at Room PL-401, located on the Plaza Level of the Nassif Building at the above address between 9 a.m. and 5 p.m., Monday through Friday, except for Federal holidays. You may also view this docket, including this notice and comments, on the Internet at <http://dms.dot.gov>.

Anyone can search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the Department of Transportation's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78), or you may visit <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions about the project, you may contact Commander Mark Prescott, U.S. Coast Guard at (202) 267-0225 or mprescott@comdt.uscg.mil. If you have questions on viewing or submitting material to the docket, call Dorothy Beard, Chief, Dockets, DOT, telephone (202) 366-5149.

SUPPLEMENTARY INFORMATION:

Authority: 33 U.S.C. 1504(f).

Request for Comments

We encourage you to submit comments on this draft EIS (A copy of the draft EIS is available as indicated under **ADDRESSES**). If you do so, please include your name and address, identify the docket number for this notice (USCG-2002-14134) and give the reasons for each comment. You may submit your comments by mail, hand delivery, fax or electronic means to the Docket Management Facility at the address given under **ADDRESSES**, but please submit your comments and materials by only one means. If you submit them by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit them by mail, and would like to know if they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments received during the

comment period. Comments received during the draft EIS review period will be available in the public docket and addressed in the final EIS. A notice of availability of the final EIS will also be published in the **Federal Register**.

Public Meeting/Open House

The Coast Guard and the Maritime Administration will host an informational open house from 3 p.m. to 7 p.m. on Tuesday, July 1, 2003, at the Lafayette Hilton Hotel, West Pinhook Road, Lafayette, Louisiana. A public meeting will be held concurrently with the informational open house, and will commence at 5 p.m. We invite the public and representatives of interested agencies to attend and provide their views on the proposed action and the evaluation contained in the draft EIS (A copy of the draft EIS is available as indicated under **ADDRESSES**). If you plan to attend the meeting and need special assistance, such as sign language interpretation or other reasonable accommodations, contact the U.S. Coast Guard as indicated in **FOR FURTHER INFORMATION CONTACT**.

Proposed Action

The application plan calls for construction of the Port Pelican Deepwater Port and associated anchorage in an area situated in the Gulf of Mexico approximately 36 miles south southwest of Freshwater City, Louisiana, in Vermilion Block 140. Additional information on the application can be found online at <http://dms.dot.gov> under docket number USCG-2002-14134, or in the notice of application published in the **Federal Register** at 67 FR 79234 (Dec. 27, 2002).

The proposed project would deliver natural gas to the United States Gulf Coast using existing gas supply and gathering systems in the Gulf of Mexico and southern Louisiana. Gas would then be delivered to shippers using the national pipeline grid through interconnections with major interstate and intrastate pipelines.

The project would consist of two concrete gravity based structure (GBS) units fixed to the seabed, which would include integral liquefied natural gas (LNG) storage tanks, support deck mounted LNG receiving and vaporization equipment and utilities, berthing accommodations for LNG carriers, facilities for delivery of natural gas to a pipeline transportation system, and personnel accommodations.

A 42-inch diameter offshore Pelican Interconnector Pipeline (PIPL), 37 nautical miles in length, would be constructed as part of the project. The PIPL would transport gas from the

terminal to a point near the Tiger Shoal Platform "A" where it would connect to the Henry-Floodway Gas Gathering System (HFGGS). The HFGGS would deliver the gas to the onshore U.S. gas pipeline network.

Alternatives

The draft EIS examines in detail an alternative location for siting of the project and a no-action alternative. The alternative site, approximately 30 miles east of Vermilion Block 140, would involve use of South Marsh Island Block 4.

Evaluation of the no-action alternative, defined as not approving the license application, provides a baseline for comparing the impacts associated with the proposed action and use of the alternative site.

Dated: May 22, 2003.

Joseph J. Angelo,

Director of Standards, Marine Safety, Security and Environmental Protection, U.S. Coast Guard.

Raymond R. Barberesi,

Director, Office of Ports and Domestic Shipping, Maritime Administration.
