

Late Exercise Cut-Off Time; Instructions To Modify

Rule 801(e) does not specify a cut-off time for the acceptance of late exercise notices. To provide for greater consistency in processing late exercise notices, OCC has concluded that it is desirable to establish a uniform cut-off time (*i.e.*, 6:30 a.m.) for their acceptance. A 6:30 a.m. cut-off allows adequate time for OCC to process a late exercise notice and to inform all assigned clearing members before 8 a.m.

Finally, OCC will no longer accept modifications to previously submitted exercise instructions after the start of critical processing. Rule 801(e) currently provides that modifications will be accepted after the start of critical processing on a best efforts basis, but revocation instructions will not be accepted after the start of critical processing. This prohibition is in place because due to the need to back out data the procedures involved in processing revocations are riskier than those associated with accepting a late exercise. A modification that reduces the number of exercised contracts requires use of the same revocation procedures. OCC therefore believes that modifications and revocations should be treated alike. A request by a clearing member to exercise additional contracts will be considered as a request to file a late exercise (and not a request to modify a previously submitted exercise notice) and will be handled pursuant to the rules applicable to late exercise instructions.

III. Discussion

Section 17A(b)(3)(F) requires that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions.⁷ The Commission finds OCC's proposed rule change is consistent with section 17A(b)(3)(F) of the Act because it should reduce the number of late exercise instructions submitted to OCC. Late instructions are more time consuming and costly for OCC to process and reducing the number of them submitted for processing should promote the prompt and accurate clearance and settlement of securities transactions.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular section 17A of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to section 19(b)(2) of the Act, that the proposed rule change (File No. SR-OCC-2002-14) be and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁸

Deputy Secretary.
