FEMA is requesting that this information collection be approved by June 23, 2003. The approval will authorize FEMA to use the collection through December 31, 2003. FEMA plans to follow this emergency request with a request for a 3-year approval. The request will be processed under OMB’s normal clearance procedures in accordance with the provisions of OMB regulation 5 CFR 1320.10. To help us with the timely processing of the emergency and normal clearance submissions to OMB, FEMA invites the general public to comment on the proposed collection of information.

SUPPLEMENTARY INFORMATION: Executive Order 13254 of January 29, 2002 specifies that “the executive departments, agencies, and offices constituting USA Freedom Corps shall coordinate and strengthen Federal and other service opportunities, including opportunities for participation in

To better determine the needs, interests, and attitudes of the American public in these realms, it is critical for the Office of Citizen Corps to conduct a survey of a representative sampling of the general public. To date, there is no survey data that pertains specifically to the mission of Citizen Corps to have every American embrace their personal responsibility to be prepared, to get training in first aid and emergency response and to volunteer to support first responders. The results of the survey will be an essential tool to most effectively direct program resources and activities.
