SUPPLEMENTARY INFORMATION:

I. Abstract

The information collection is needed to establish whether a petitioning group has the characteristics necessary to be acknowledged as having a sovereign-to-sovereign relationship with the United States. Federal acknowledgment makes the group eligible for benefits from the Federal government.

II. Method of Collection

The Federal acknowledgment regulations at 25 CFR Part 83 contain seven criteria (§ 83.7) which groups seeking Federal acknowledgment as Indian tribes must demonstrate that they meet. Information collected from petitioning groups under these regulations provide anthropological, genealogical and historical data used by the Assistant Secretary—Indian Affairs to establish whether a petitioning group has the characteristics necessary to be acknowledged as having a sovereign-to-sovereign relationship with the United States. Respondents are not required to retain copies of information submitted to the Bureau of Indian Affairs, but will probably maintain copies for their own use. No periodic reports are required.
