Parental Information and Resource  
Centers Program; Notice Inviting  
Applications for New Awards for Fiscal  
Year (FY) 2003****AGENCY:** Department of Education.**ACTION:** Notice inviting applications for new awards for fiscal year (FY) 2003.

*Purposes of Program:* The Parental Information and Resource Centers (PIRC) program provides resources that eligible applicants can use in pursuit of the objectives of the No Child Left Behind (NCLB) Act, which provides resources to enable all elementary and secondary students to achieve to high standards and holds schools, local educational agencies, and States accountable for ensuring that they do so. In particular, this program provides an opportunity for eligible entities to focus on assisting the parents of children who attend schools identified for improvement, corrective action, or restructuring under Title I, Part A of the Elementary and Secondary Education Act (ESEA).

The PIRC program supports school-based and school-linked parental information and resource centers that—

(1) Help implement effective parental involvement policies, programs, and activities that will improve children's academic achievement;

(2) Develop and strengthen partnerships among parents (including parents of children from birth through age five), teachers, principals, administrators, and other school personnel in meeting the educational needs of children;

(3) Develop and strengthen the relationship between parents and their children's school;

(4) Further the developmental progress of children assisted under the program;

(5) Coordinate activities funded under the program with parental involvement initiatives funded under section 1118 and other provisions of the ESEA; and

(6) Provide a comprehensive approach to improving student learning, through coordination and integration of Federal, State, and local services and programs.

*Eligible Applicants:* Non-profit organizations, or consortia of non-profit organizations and local educational agencies (LEAs). LEAs alone are *not* eligible to apply for funding.

A "non-profit organization" is an organization whose net earnings do not benefit, and cannot lawfully benefit, any private shareholder or entity. Faith-

based and community organizations are eligible to apply for funding provided that they are non-profit organizations.

For purposes of the PIRC program, the term "non-profit organization" does *not* include institutions of higher education, State educational agencies, LEAs, intermediate school districts, schools, government entities, or hospitals.

**Priority**

Under 34 CFR 75.105(c)(2), we have established the following two competitive preferences for the FY 2003 PIRC competition:

(1) The Secretary will give up to 20 additional points to each applicant that proposes specific strategies to assist parents in understanding their State accountability system and the opportunities for supplemental services

and public school choice afforded to their children under section 1116 of the ESEA. The Secretary believes that this competitive preference will increase the likelihood that the activities of the funded PIRCs will improve services to parents of students who are attending low-performing schools (the schools that are not making adequate academic progress), leading to enhancements in student academic achievement.

(2) The Secretary will give 10 additional points to each "novice applicant". For the purposes of this grant competition a novice applicant is an applicant that (1) has never received a grant under the PIRC program; (2) has never been a member of group application (submitted in accordance with 34 CFR 75.127–75.129) that received a grant under the PIRC program; and (3) has not had an active discretionary grant from the Federal Government in the five years before July 18, 2003.

These points will be in addition to any points the applicant earns under the selection criteria.

*Performance Measures:* The Secretary has established the following key performance measure for assessing the effectiveness of the PIRC program: the number of parents who receive the information necessary for them to understand their State accountability system and the opportunities for supplemental services and public school choice afforded to their children under section 1116 of the ESEA. The Secretary has set an overall performance target that calls for the number of parents receiving such information from PIRC projects to increase by five percent annually.

In applying the selection criteria that follow for the "Quality of the project design" and the "Quality of the project evaluation", the Secretary will take into consideration the extent to which the applicant demonstrates a strong capacity (1) to help achieve this nationwide target, and (2) to provide reliable data to the Department on the project's impact as measured by the number of parents participating in PIRC activities that are designed to provide parents with the information necessary for them to understand their State accountability system and the opportunities for supplemental services and public school choice afforded to their children under section 1116 of the ESEA.

*Selection Criteria:* We will use the following selection criteria and factors to evaluate applications under this competition.

The maximum score for all of the selection criteria is 100 points. The total
