Standard Paragraph

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in

determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866)208-3676, or for TTY, contact (202)502-8659. Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Natural Gas Price Formation; Notice of Staff Technical Conference & Workshop on Energy Price Discovery & Indices

May 29, 2003.

The Federal Energy Regulatory Commission (FERC) will hold a technical conference on Tuesday, June 24, 2003, at FERC headquarters, 888 First Street, NE., Washington, DC, in the Commission Meeting Room (Room 2C). The Commodity Futures Trading Commission (CFTC) and the National Association of Regulatory Utility Commissioners (NARUC) are participating.

At an April 24, 2003, conference on Natural Gas Price Formation in this docket, Commission staff explored issues relating to the sufficiency of currently collected and published natural gas price information. Authenticity and reliability of the data and adequacy of coverage were discussed. At the upcoming conference we intend to weigh options and facilitate solutions that would ensure accurate, transparent and reliable gas and electric price indices.

We seek consensus on the best near-term option that will satisfy public policy goals in a timely, effective and efficient fashion. The discussion will be focused on comparing the merits of various options, including industry solutions and solutions involving regulatory or self-regulatory oversight, and what would be required to implement each option. Staff plans to issue an options paper in this docket and on the Commission's Web site by June 13. To advance public understanding of the options, the conference will include panelists to explain some of the less familiar options such as Self-Regulating Organizations (SROs) and audited data hubs.

This one-day meeting will begin at 9 a.m. and conclude about 5 p.m. All interested parties are invited to attend. There is neither a registration fee nor preregistration to attend this conference.
