[MN81-7306b; FRL-7494-1]

Approval and Promulgation of Implementation Plans; Minnesota**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: We are proposing to approve a State Implementation Plan (SIP) revision for Dakota County, Minnesota, for the control of emissions of sulfur dioxide (SO₂) in the Pine Bend Area of Rosemount. The site-specific SIP revision for Flint Hills Resources, L.P. (formerly known as Koch Petroleum Group, L.P.), was submitted by the Minnesota Pollution Control Agency on March 13, 2003, and is approvable because it satisfies the requirements of the Clean Air Act. Specifically, EPA is proposing to approve into the SO₂ SIP Amendment No. 6 to the Administrative Order for Flint Hills Resources. In the final rules section of this **Federal Register**, we are approving the SIP revision as a direct final rule without prior proposal, because we view this as a noncontroversial revision amendment and anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If we receive adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before July 7, 2003.
