

sufficient indication that it is not subject to either *de jure* or *de facto* government control with respect to its exports of brake rotors, the review will proceed. If, on the other hand, a respondent does not demonstrate its eligibility for a separate rate, then it will be deemed to be affiliated with other companies that exported during the POI and that it did not establish entitlement to a separate rate, and the review of that respondent will be rescinded.

Initiation of Review

In accordance with section 751(a)(2)(B)(ii) of the Act and 19 CFR 351.214(d)(1), we are initiating a new shipper review of the antidumping duty order on brake rotors from the PRC. The preliminary results of this new shipper review would normally be issued not later than 180 days after initiation of this review. However, on May 16, 2003, Anda, Luqi and Rotec agreed to waive the time limits in order that the Department, pursuant to 19 CFR 351.214(j)(3), may conduct this review concurrent with the sixth annual administrative review of this order for the period April 1, 2002–March 31, 2003, which is being conducted pursuant to section 751(a)(1) of the Act. Therefore, we intend to issue the preliminary results of this review not later than 245 days after the last day of the anniversary month.

Antidumping duty proceeding	Period to be reviewed
PRC: Brake Rotors, A-570-846: Anda Industries Co., Ltd	04/01/02–03/31/03
Laizhou City Luqi Machinery Co., Ltd	04/01/02–03/31/03
Qingdao Rotec Auto Parts Co., Ltd	04/01/02–03/31/03

We will instruct the U.S. Bureau of Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from the above-listed companies in accordance with 19 CFR 351.214(e). Because Anda, Luqi and Rotec certified that they produce and export the subject merchandise, the sale of which was the basis for this new shipper review request, we will apply the bonding privilege only to subject merchandise for which they are both the producer and exporter.

Interested parties that need access to proprietary information in this new shipper review should submit

applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.214(d).

Dated: May 30, 2003.

Jeffrey May,

Deputy Assistant Secretary for Import Administration.

Final Results of Anti-Circumvention Review of Antidumping Order: Corrosion-Resistant Carbon Steel Flat Products From Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Anti-Circumvention Review of Antidumping Order: Corrosion-Resistant Carbon Steel Flat Products from Japan.

SUMMARY: On April 21, 2003, the Department of Commerce ("the Department") published in the **Federal Register** the preliminary results of the anti-circumvention review of the antidumping order on certain corrosion-resistant carbon steel flat products from Japan. See *Notice of Preliminary Results of Anti-Circumvention Review of Antidumping Order: Corrosion-Resistant Carbon Steel Flat Products from Japan*, 68 FR 19499 (April 21, 2003) ("Preliminary Results"). Based on the comments received, we have not changed our results from the Preliminary Results.

EFFECTIVE DATE: June 5, 2003.

FOR FURTHER INFORMATION CONTACT: Catherine Bertrand or James Doyle, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3207 and (202) 482-0159, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 21, 2003, the Department published in the **Federal Register** the Preliminary Results. We invited parties to comment on our Preliminary Results. On May 5, 2003, we received comments from respondents Nippon Steel

Corporation ("NSC"), and NKK Steel Corporation ("NKK"). We received no comments or rebuttal comments from any other parties.

Scope of the Order

The scope of this order is as follows: The products covered by the antidumping duty order include flat-rolled carbon steel products, of rectangular shape, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating, in coils (whether or not in successively superimposed layers) and of a width of 0.5 inch or greater, or in straight lengths which, if of a thickness less than 4.75 millimeters, are of a width of 0.5 inch or greater and which measures at least 10 times the thickness or if of a thickness of 4.75 millimeters or more are of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the HTSUS under item numbers 7210.30.0030, 7210.30.0060, 7210.41.0000, 7210.49.0030, 7210.49.0090, 7210.61.0000, 7210.69.0000, 7210.70.6030, 7210.70.6060, 7210.70.6090, 7210.90.1000, 7210.90.6000, 7210.90.9000, 7212.20.0000, 7212.30.1030, 7212.30.1090, 7212.30.3000, 7212.30.5000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7212.60.0000, 7215.90.1000, 7215.90.3000, 7215.90.5000, 7217.20.1500, 7217.30.1530, 7217.30.1560, 7217.90.1000, 7217.90.5030, 7217.90.5060, 7217.90.5090. Included in this order are corrosion-resistant flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been beveled or rounded at the edges.

Excluded from this order are flat-rolled steel products either plated or coated with tin, lead, chromium, chromium oxides, both tin and lead ("terne plate"), or both chromium and chromium oxides ("tin-free steel"), whether or not painted, varnished or coated with plastics or other nonmetallic substances in addition to the metallic coating.

Also excluded from this order are clad products in straight lengths of 0.1875 inch or more in composite thickness and of a width which exceeds 150
