DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board; Notice of Advisory Committee Meeting

AGENCY: Department of Defense.

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: The Defense Science Board Task Force on the Smallpox Vaccine Down Select Process will meet in closed session on July 24, 2003, in Washington, DC. The Task Force will perform an independent evaluation of the Department of Defense and Department of Health and Human Services smallpox vaccine candidates.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Task Force will evaluate each of the smallpox vaccine candidates to include the following type of issues: choice of cell line and viral strain used; preclinical data in appropriate animal models; review of vaccine production methodology to include rates of production and surge

capacity; review of protocols for clinical trials to include adverse reaction rates; review of cost issues as they relate to production of the vaccine; review of critical regulatory issues associated with the use of the vaccine; and any other issues that the Task Force feels, based on its experience, are relevant.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. § 552b(c)(4) and that, accordingly, the meeting will be closed to the public.

Dated: May 29, 2003.

Patricia Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Army

Proposed Mandatory Use of USBank's PowerTrack System by Department of Defense Personal Property Transportation Service Providers

AGENCY: Department of the Army, DOD.

ACTION: Notice.

SUMMARY: The Military Traffic Management Command (MTMC), as the Department of Defense (DOD) Traffic Manager for the Household Goods and Personal Property Program, proposes the mandatory use of USBank's PowerTrack System as the transaction and payment system for all DOD Transportation Service Providers (TSP), beginning with the implementation of Phase I of the Defense Future Personal Property Program, (Families First). Furthermore, the use of MTMC's Centralized Web Application (CWA) will also be mandatory. Implementation of PowerTrack at all Military Services and Coast Guard installations is the goal of Families First, which is the first step in moving toward the reengineered Personal Property Program of the future.

This announcement is being made to afford TSPs ample time to comment and plan for potential future data feeds to PowerTrack. The Electronic Billing and Payment portion of the Families First Web site is located at <http://www.mtmc.army.mil>, under the Personal Property Program. The site offers industry access to updates on the Business Rules, Concept of Operations (CONOPS), and System Interface Specifications.

DATES: The initial rollout of PowerTrack and CWA is proposed to begin October 1, 2003. Comments must be submitted on or before 30 days from publication.

ADDRESSES: Comments may be sent by e-mail to: thomasg@mtmc.army.mil; or by courier to: Headquarters, Military Traffic Management Command, ATTN: MTPP-PD, Room 10N35-58 (George Thomas), Hoffman Building II, 200 Stovall Street, Alexandria, VA 22332-5000.

FOR FURTHER INFORMATION CONTACT: Mr. George Thomas at (703) 428-2237.

SUPPLEMENTARY INFORMATION: The initial rollout (see **DATES**) is proposed to serve as the Evaluation Period for the Phase I process, and involve a limited number of Personal Property Shipping Office's (PPSO) and TSP's. Expansion to the remaining PPSO's and TSP's is proposed to commence on or about April 2004. It is important to note that not all PPSO's will be impacted during the Evaluation Period. For this reason, TSPs should file their rates for the Winter Cycle assuming that PowerTrack and CWA will not be used.

Transportation Providers wishing to transport personal property shipments for the DOD must have an agreement with USBank and be PowerTrack certified for the electronic payment of commercial transportation services. It is important that TPs begin the PowerTrack signup process by calling USBank at 1-800-417-1844. Additional information on PowerTrack is available at <http://www.usbank.com/powertrack>. Only those TPs that are PowerTrack certified will be eligible to receive personal property shipments.

I. Background

On 7 July 1997, the Under Secretary of Defense (Comptroller) issued a memorandum, which required the reengineering of defense transportation documentation and financial processes as part of an effort to revolutionize DOD business practices across all Military Services and Agencies. A major component of the reengineering effort is the implementation of USBank's PowerTrack System. PowerTrack has been implemented for DOD freight shipments for all modes of transportation and now is under consideration for DOD personal property shipments. In June 2002, the USTRANSCOM Personal Property report was released, and USTRANSCOM directed that work begin on the future Personal Property program. USTRANSCOM tasked MTMC, in conjunction with the Military Services and Industry, to map out
