Reconsideration, In the Matter of Establishment of a Class A Television Station, MM Docket 00-10, FCC 01-123. This rule expanded the scope of 47 CFR section 73.673 to include Class A television station licensees. 47 CFR section 73.673 implements the Children's Television Act of 1990 (CTA). The rule requires that commercial TV broadcasters identify programs specifically designed to educate and inform children. This identification will occur at the beginning of the programs. In addition, licensees will provide to publishers of program guides information identifying children's programs and the intended age groups. The rule provides greater clarity about broadcasters' obligations to air programming "specifically designed" to serve the educational and informational needs of children and to improve public access to information about the availability of these programs.
