

cooperation among partners and other funded agencies to standardize research and communication activities.

3. Technical Approach—(20 Points)

a. The extent to which the applicant describes its plan for carrying out the overall project, including study management, data collection, data analysis, and dissemination activities.

b. The extent to which the applicant describes ways they will monitor/evaluate implementation of their overall project plan (including research and dissemination activities).

c. The extent to which the applicant addresses the CDC Policy requirements regarding the inclusion of women, ethnic, and racial groups in the proposed research. This includes:

1. The proposed plan for the inclusion of both sexes and racial and ethnic minority populations for appropriate representation.

2. The proposed justification when representation is limited or absent.

3. A statement as to whether the design of the study is adequate to measure differences, when warranted.

4. A statement as to whether the plans for recruitment and outreach for study participants include the process of establishing partnerships with community(ies) and recognition of mutual benefits.

4. Budget (Not Scored)

The budget will be evaluated for the extent to which it is reasonable, clearly justified, and consistent with the intended use of the grant funds.

5. Human Subjects

Does the applicant adequately address the requirements of Title 45 CFR part 46 for the protection of human subjects. Not scored; however, an application can be disapproved if the research risks are sufficiently serious and protection against risks is so inadequate as to make the entire application unacceptable.

I. Other Requirements
