

Assistance Act, as amended (16 U.S.C. 2101, *et seq.*), shall jointly develop a State priority plan. The plan must be submitted to the appropriate Responsible Official for review and concurrence.

(b) The State Forester shall develop, implement and administer FLEP consistent with the State priority plan. The State Forester must ensure that all activities are carried out properly and that all cost-shared practices meet the appropriate standards and specifications.

(c) No match of funds is required from the State for participation in FLEP.

(d) In order to facilitate development of FLEP any State may request up to \$50,000 of the first-year allocation in advance of Forest Service concurrence with a State priority plan.

(e) Each State participating in FLEP shall submit an annual report to the respective Responsible Official, reporting all activities and practices funded through FLEP for the previous fiscal year. The report shall contain data on accomplishments by educational assistance, technical assistance, and cost-share assistance based on State objectives and measurable outcomes included in State priority plans.

(f) By July 15, 2006, the State Forester of each State participating in FLEP must submit to the respective Responsible Official a summary report of all State activities and practices funded through FLEP as of June 1, 2006.

(c) States do not have to participate in all FLEP elements.

§ 230.36 State priority plan—purpose and scope.

(a) The State priority plan shall be used to guide FLEP implementation in each participating State through fiscal year 2007 and can be revised as needed.

(b) The State priority plan must describe the various roles and responsibilities of the State Forester, State Forest Stewardship Coordinating Committee, and other agencies and organizations in FLEP planning,

delivery, and accountability to the program objectives.

(c) The State priority plan must contain the following:

(1) Data from standard forest inventory and analysis reports on the forest resources found within the State;

(3) Identification of the desired objectives and environmental, economic, and social values and public benefits to be derived from FLEP;

(4) An explanation of how FLEP funds are to be used to complement efforts of sustainable forestry management already in place within the State;

(5) A rationale for, and a proposed distribution of, funds for the FLEP elements listed at section 230.35 that the State plans to implement; and

(6) A description of the public participation process used in the development of the plan, including outreach efforts to landowners with limited resources.

(d) If an existing State Forest Stewardship plan, as described at section 19(b)(3) of the Cooperative Forestry Assistance Act (16 U.S.C. 2101, *et seq.*), adequately addresses some or all of the required information, it may be incorporated into the State priority plan by reference.

(e) The State priority plan must also outline the State FLEP priorities, policies, and procedures that will be implemented to encourage landowners to practice sustainable management and to actively conserve and enhance their forest resources.

(f) Each FLEP element described in the State priority plan must clearly state objectives and measurable outcomes to be achieved.

(g) All activities performed using FLEP funds must be consistent with the purpose of the program.

- (8) Web site construction and maintenance; or

(9) Similar activities designed to bring landowners to an informed decision point and accelerate adoption of sustainable forest practices in a State.

(b) If a State determines that all or some of its funds will be used for

education, the State priority plan must describe the types of activities that will be covered, participating entities, expected outcomes, and method(s) that will be used for documenting and evaluating accomplishments.

§ 230.38 State priority plan—technical assistance.

(a) Technical assistance includes, but is not limited to:

(b) A State does not have to adopt a separate FLEP cost-share program if a State cost-share program already exists that meets the objectives of FLEP.

However, FLEP funds must be accounted for in accordance with Federal financial accounting standards. If an existing cost-share program is used, a copy of the guidelines for that program must be referenced and attached to the State priority plan.

(c) If a State determines that all or some of its funds will be placed into a cost-share program, the State priority plan must identify and describe how the cost-share funds will be made available to landowners participating in FLEP and expected outcomes and method(s) for documenting and evaluating accomplishments.
