

(1) *Type of Information Collection:* Renewal of an existing collection.

(2) *Title of the Form/Collection:* Annual Reporting Requirement for Manufacturers of Listed Chemicals.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: None. Office of Diversion Control, Drug Enforcement Administration, U.S. Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract.* Primary: Business or other for-profit. Other: None. This information collection permits the Drug Enforcement Administration to monitor the volume and availability of domestically manufactured listed chemicals. These listed chemicals may be subject to diversion for the illicit production of controlled substances. This information collection is required by law.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 100 respondents respond annually to this information collection, with each response estimated to take four hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* This information collection is estimated to take 400 annual burden hours.

If additional information is required contact: Brenda E. Dyer, Deputy Clearance Officer, Information Management and Security Staff, Justice Management Division, Department of Justice, Patrick Henry Building, Suite 1600, 601 D Street, NW., Washington, DC 20530.

Dated: June 3, 2003.

Brenda E. Dyer,

Deputy Clearance Officer, Department of Justice.

BILLING CODE 4410-09-M

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95-541)

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received under the Antarctic Conservation Act of 1978, Pub. L. 95-541.

SUMMARY: The National Science Foundation (NSF) is required to publish notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978.

NSF has published regulations under the Antarctic Conservation Act at Title 45 part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by July 9, 2003. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT:

Nadene G. Kennedy at the above address or (703) 292-7405.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

The applications received are as follows:

1. *Applicant*—

Peter Doran, Earth and Environmental Sciences (MC 186), University of Illinois at Chicago, Chicago, IL 60607.

Activity for Which Permit Is Requested

Take and Import Into the United States. Last season, as part of the McMurdo Dry Valley Long Term Ecological Research project, the applicant collected sediment cores from the lakes in the Taylor Valley to determine the paleoenvironment and legacy in the current ecosystem. Data from the lake water suggest that while most of the lakes have retained their ice covers for thousands of years, the East Lobe of Lake Bonney may have only formed a perennial ice cover in the 200 years. All the Taylor Valley lakes have dead seal and penguin remains on their ice surfaces. They remain on the surface because they are too big for the sun to melt them significantly into the ice. Therefore, establishing the time since these animals died will determine the minimum age of the lake ice covers. The applicant proposes to collect samples (1-5 gm) of bone or soft tissue from the most decayed penguin and seal carcasses on the lake surfaces. These

samples will be returned to the United States for further study. It has been established that a carbon reservoir correction of ~ 1200 years should yield reasonable radiocarbon ages for these animals.

Location

Lake Bonney, Taylor Valley.

Dates

November 1, 2003 to December 31, 2003

Nadene G. Kennedy,

Permit Officer, Office of Polar Programs.

NATIONAL SCIENCE FOUNDATION

Advisory Committee for Small Business Industrial Innovation; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation announces the following meeting:

Name: Advisory Committee for Small Business Industrial Innovation (SBIR)—(61).
Date and Time: June 17-18, 2003, 8 a.m.—5 p.m.

Type of Meeting: Open.

Place: Room 1235, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

Contact Person: Kesh Narayanan, Director, Small Business Innovation Research and Small Business Technology Transfer Programs, Room 590, Division of Design, Manufacturing, and Industrial Innovation (703) 292-7076, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

Minutes: May be obtained from the contact person listed above.

Purpose of Committee: To provide advice and recommendations concerning research programs pertaining to the small business community.

Agenda: June 17, 2003, Room 1235.

8:30 am—Welcome.

8:35 am—Introductions.

9:15 am—Break.

9:30 am—SBIR/STTR Program Overview.

12 noon—Lunch.

1 pm—Special Topics.

3 pm—Break.

3:15 pm—Open Discussion.

5 pm—Adjourn.

Agenda: June 18, 2003, Room 1235.

8:15 am—Open Discussion.

10 am—Break.

10:15 am—Discussion and Preparation of Committee Report.

12 noon—Lunch.

1 pm—Discussion and Preparation of Committee Report.
