The rule would define and establish the conditions and criteria under which FEMA would grant public assistance and make community disaster loans. The rule would in no way that we foresee affect the distribution of power and responsibilities among the various levels of government or limit the policymaking discretion of the States.

The interim final rule published on May 4, 2001 at 66 FR 22443 is adopted as final without change.

Petition for Declaratory Ruling on Local Number Portability Implementation Issues

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for declaratory ruling.

SUMMARY: The Commission seeks comment on a petition for declaratory ruling from the Cellular Telecommunications & Internet Association (CTIA) asking the Commission to clarify carrier obligations with respect to a number of local number portability (LNP) implementation issues.

DATES: Comments are due on or before June 13, 2003, and reply comments are due on or before June 24, 2003.

FOR FURTHER INFORMATION CONTACT: Jennifer Salhus, Attorney, 202-418-1310.

SUPPLEMENTARY INFORMATION:

1. On May 13, 2003, the Cellular Telecommunications & Internet Association filed a Petition for Declaratory Ruling (Petition), asking the Commission to clarify carrier obligations (as found at 47 CFR 52.23-52.33) with respect to a number of local number portability implementation issues. CTIA contends that, although many of the issues associated with the implementation of LNP have been resolved by consensus in industry fora, including the North American Numbering Council (NANC), there are a number of outstanding issues that cannot be resolved without specific direction from the Commission.
