

reselling the property. These expenses include, but are not limited to, expenses for resale, interest accrual, length of weatherization, and prior liens.

(d) Filing an estimated loss claim. When the lender is conducting the liquidation and owns any or all of the guaranteed portion of the loan, the lender will file an estimated loss claim once a decision has been made to liquidate if the liquidation will exceed 90 days. The estimated loss payment will be based on the outstanding loan amount minus the liquidation value of the collateral. For the purpose of reporting and loss claim computation, the loss claim will be promptly processed in accordance with applicable Agency regulations, as set forth in this section.

(e) Property disposition. Once the liquidation plan has Agency approval, the lender must make every effort to liquidate the property in a manner that will yield the highest market value consistent with the protections afforded to tenants in 7 CFR part 1944, subpart L or successor regulation.

(f) Accounting and reports. When the lender conducts liquidation, the lender will account for funds during the period of liquidation and provide the Agency with reports at least quarterly on the progress of liquidation, including disposition of collateral, resulting costs, and additional procedures necessary for successful completion of the liquidation.

(g) Transmitting payments and proceeds to the Agency. When the Agency is the holder of a portion of the guaranteed loan, the lender will transmit to the Agency its pro rata share of any payments received from the borrower, liquidation, or other proceeds.

11. Section 3565.457 is revised to read as follows:

**§ 3565.457 Determination of claim amount.**

In all liquidation cases, final settlement will be made with the lender after the collateral is liquidated, unless otherwise designated as a future recovery or after settlement and compromise of all parties has been completed. The Agency will have the right to recover losses paid under the guarantee from any party which may be liable.

(a) *Report of loss form.* An Agency approved form will be used for calculations of all estimated and final loss determinations. Estimated loss payments may only be approved by the Agency after the Agency has approved a liquidation plan.

(b) *Estimated loss.* An estimated loss claim based on liquidation appraisal

value will be prepared and submitted by the lender.

(1) The estimated loss payment shall be applied as of the date of such payment. The total amount of the loss payment remitted by the Agency will be applied by the lender on the loan debt. Such application does not release the borrower from liability.

(2) A protective advance claim will be paid only at the time of the final report of loss payment except in certain transfer and assumption situations.

(c) *Final loss.* Within 30 days after liquidation of all collateral, except for certain unsecured personal or corporate guarantees as provided for in this section, is completed, a final report of loss must be prepared and submitted by the lender to the Agency. The Agency will not guarantee interest beyond this 30-day period other than for the period of time it takes the Agency to process the loss claim. Before approval by the Agency of any final loss report, the lender must account for all funds during the period of liquidation, disposition of the collateral, all costs incurred, and any other information necessary for the successful completion of liquidation. Upon receipt of the final accounting and report of loss, the Agency may audit all applicable documentation to determine the final loss. The lender will make its records available and otherwise assist the Agency in making any investigation. The documentation accompanying the report of loss must support the amounts shown on the report of loss form.

(1) A determination must be made regarding the collectibility of unsecured personal and corporate guarantees. If reasonably possible, such guarantees should be promptly collected or otherwise disposed of prior to completion of the final loss report. However, in the event that collection from the guarantors appears unlikely or will require a prolonged period of time, the report of loss will be filed when all other collateral has been liquidated, and unsecured personal or corporate guarantees will be treated as a future recovery with the net proceeds to be shared on a pro rata basis by the lender and the Agency.

(2) The lender must document that all of the collateral has been accounted for and properly liquidated and that liquidation proceeds have been properly accounted for and applied correctly to the loan.

(3) The lender will show a breakdown of any protective advance amount as to the payee, purpose of the expenditure, date paid, and evidence that the amount expended was proper and that payment was actually made.

(4) The lender will show a breakdown of liquidation expenses as to the payee, purpose of the expenditure, date paid, and evidence that the amount expended was proper and that payment was actually made. Liquidation expenses are recoverable only from collateral proceeds.

(5) Accrued interest will be supported by documentation as to how the amount was accrued.

(6) Loss payments will be paid by the Agency within 60 days after the receipt of the final loss report and accounting of the collateral.

(7) Should there be a circumstance where the lender cannot or will not sign a final report of loss, the State Director may complete the final report of loss and submit it to the Finance Office without the lender's signature. Before this action can be taken, all collateral must be disposed of or accounted for; there must be no evidence of fraud, misrepresentation, or negligent servicing by the lender; and all efforts to obtain the cooperation of the lender must have been exhausted and documented.

(d) *Maximum guarantee payment.* The maximum guarantee payment will not exceed the amount of guarantee percentage as contained in the guarantee agreement (but in no event more than 90%) times the allowable loss amount.

(e) *Rent.* Any net rental or other income that has been received by the lender from the collateral will be applied on the guaranteed loan debt after paying operating expenses of the property.

(f) *Liquidation costs.* Liquidation costs will be deducted from the proceeds of the disposition of primary collateral. If changed circumstances after submission of the liquidation plan require a substantial revision of liquidation costs, the lender will procure the Agency's written concurrence prior to proceeding with the proposed changes.

(g) *Payment.* When the Agency finds the final report of loss to be proper in all respects, it will approve the form and proceed as follows:

(1) If the loss is greater than any estimated loss payment, the Agency will pay the additional amount owed by the Agency to the lender.

(2) If the loss is less than the estimated loss payment, the lender will reimburse the Agency for the overpayment plus interest at the note rate from the date of payment.

(3) If the Agency determines that it is in the Government's best interest to take assignment of the loan and conduct liquidation, as stipulated in the 538 statute 42 U.S.C. 1490, i(3) Assignment by Secretary, the Agency will pay the
