**Federal Motor Vehicle Safety
Standards; Brake Hoses; Correction**

AGENCY: National Highway Traffic
Safety Administration (NHTSA),
Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking;
correction.

SUMMARY: This document corrects a
Notice of Proposed Rulemaking (NPRM)
published in the **Federal Register** on
May 15, 2003. The NPRM proposed to
update the Federal motor vehicle safety
standard on brake hoses to incorporate
the substantive specifications of several
Society of Automotive Engineers (SAE)
Recommended Practices relating to
hydraulic brake hoses, vacuum brake
hoses, air brake hoses, and plastic air
brake tubing. This correction adds a
proposed effective date to the preamble.

George Feygin at (202) 366–3992.

Correction

In the notice of proposed rulemaking
FR Doc. 03–11292 (68 FR 26384) make
the following correction. On page 26406
in the first column, add, before the
beginning of the first paragraph the
following:

“Effective Date

The agency believes that most, if not
all, hoses, tubing, and fittings affected
by Standard No. 106 are already
designed to meet the SAE specifications
we are proposing to add to the standard.
The agency is proposing that
compliance with the updated version of
the standard become mandatory two
years after publication of the final rule.
NHTSA believes that this date will
provide manufacturers with sufficient
leadtime to redesign the small
proportion of brake hose products that
may need modification.”

Issued: June 6, 2003.

Stephen R. Kratzke,

Associate Administrator for Rulemaking.

**Fisheries Off West Coast States and in
the Western Pacific; Pacific Coast
Groundfish Fishery; Amendment 17**

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Proposed rule; request for
comments.

SUMMARY: NMFS issues this proposed
rule to implement Amendment 17 to the

Pacific Coast Groundfish Fishery
Management Plan (FMP). Amendment
17 would revise the Pacific Fishery
Management Council’s (Council’s)
annual groundfish management process
so that it would become a biennial
process. Amendment 17 is intended to
ensure that the specifications and
management measures process comports
with a Court ruling, to make the
Council’s development process for
specifications and management
measures more efficient so that more
time is available for other management
activities, and to streamline the NMFS
regulatory process for implementing the
specifications and management
measures.

DATES: Comments must be submitted in
writing by July 28, 2003.

ADDRESSES: Comments on Amendment
17 or supporting documents should be
sent to D. Robert Lohn, Administrator,
