

investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor manufacturer is a firm covered in this review or the original investigation, the cash deposit rate will continue to be the "all others" rate of 184.28 percent established in the LTFV investigation. This "all others" rate reflects the amount of export subsidies found in the final countervailing duty determination in the investigation subtracted from the dumping margin found in the less than fair value determination. See 51 FR 8344 (March 11, 1986). The Department will adjust the cash deposit rate for Nima/Maghsoodi Farms to offset any export subsidies found at the conclusion of the countervailing new shipper review. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: December 26, 2002.

**Susan H. Kuhbach,**

*Acting Assistant Secretary for Import Administration.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[Docket No. 020325069-2311-02]

#### Request for Proposals for FY 2003— NOAA Educational Partnership Program With Minority Serving Institutions: Environmental Entrepreneurship Program

**AGENCY:** Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of request for preliminary proposals and subsequent full proposals.

**SUMMARY:** The Office of Oceanic and Atmospheric Research (OAR) of the National Oceanic and Atmospheric Administration (NOAA), United States Department of Commerce is soliciting preliminary proposals and subsequent full proposals for the NOAA Educational Partnership Program with Minority Serving Institutions (EPP/MSI): Environmental Entrepreneurship Program: For the purposes of this program, Environmental Entrepreneurship is defined as an education and training mechanism to engage students in applying the necessary skills, tools, methods and technologies in sciences directly related to NOAA's mission. This includes fostering educational opportunities in coastal, oceanic, atmospheric, environmental, and remote sensing sciences coupled with training in economics, marketing, product development, and services to create jobs, businesses and economic development opportunities. The Environmental Entrepreneurship Program promotes partnerships with MSIs, NOAA and the public-private sector. The goal of the program is to strengthen the capacity of Minority Serving Institutions to foster student careers, entrepreneurship opportunities and advanced academic study in the sciences directly related to NOAA.

In Fiscal Year 2003, NOAA expects to make available a total of \$3,300,000 (subject to congressional appropriations) to support the EPP/MSI Environmental Entrepreneurship Program. The program will provide funds, on a competitive basis, to support programs and projects at eligible Minority Serving Institutions, for a minimum of one year and a maximum of three years duration, in the following two categories:

(1) Program Development and Enhancement—approximately six grants or cooperative agreement awards, each

up to a total of \$250,000 for a period of one, two or three years to support the capacity of MSIs in the development and enhancement of entrepreneurship training and educational opportunities for students directly related to the NOAA sciences.

(2) Environmental Demonstration Projects—approximately six grants or cooperative agreement awards, each up to a total of \$300,000 for a period of one, two or three years to support MSI students and faculty in hands-on demonstration projects focused on applying environmentally sound methods and technologies to address real world environmental issues in local communities directly related to the NOAA sciences.

**DATES:** Preliminary Proposals must be received by 5 p.m. (Eastern Standard Time) on February 17, 2003. After evaluation by the National Oceanic and Atmospheric Administration, acceptable proposals will be recommended to prepare full proposals, which must be received by 5 p.m. (Eastern Daylight Savings Time) on April 17, 2003. (See Section VI. Instructions for Application: Timetable). Facsimile transmissions and electronic mail submission of proposals will not be accepted.

**ADDRESSES:** Preliminary proposals and full proposals must be submitted to: Jewel G. Linzey, Program Manager, Environmental Entrepreneurship Program, National Oceanic and Atmospheric Administration, Educational Partnership Program with Minority Serving Institutions, Room 10725, SSMC III, 1315 East-West Highway, Silver Spring, MD 20910.

**FOR FURTHER INFORMATION CONTACT:** Jewel G. Linzey, NOAA.
