

safety, or state, local, or tribal governments or communities.

(2) These supplementary rules will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency.

(3) These supplementary rules do not alter the budgetary effects or entitlements, grants, user fees, or loan programs or the rights or obligations of their recipients.

(4) These supplementary rules do not raise novel legal or policy issues.

The supplementary rules will not affect legal commercial activity, but merely contain rules of conduct for public use of a limited selection of public lands.

Regulatory Flexibility Act

The Department of the Interior certifies that these supplementary rules will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The supplementary rules will not affect legal commercial activity, but will govern conduct for public use of a limited selection of public lands.

Small Business Regulatory Enforcement Fairness Act (SBREFA)

These supplementary rules do not constitute a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. These supplementary rules:

Do not have an annual effect on the economy of \$100 million or more. (See the discussion under Regulatory Planning and Review, above.)

Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions. See the discussion above under Regulatory Flexibility Act.

Do not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

Unfunded Mandates Reform Act

These supplementary rules do not impose an unfunded mandate on state, local, or tribal governments or the private sector of more than \$100 million per year. The supplementary rules do not have a significant or unique effect on state, local, or tribal governments or the private sector. The supplementary rules have no effect on governmental or tribal entities. A statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

Takings (E.O. 12630)

In accordance with Executive Order 12630, the supplementary rules do not have significant takings implications. The enforcement provision in the proposed supplementary rules does not include any language requiring or authorizing forfeiture of personal property or any property rights. E.O. 12630 addresses concerns based on the Fifth Amendment dealing with private property taken for public use without compensation. The land covered by the supplementary rules is public land managed by the Bureau of Land Management; therefore no private property is affected. A takings implications assessment is not required.

Federalism (E.O. 13132)

In accordance with Executive Order 13132, BLM finds that the proposed supplementary rules do not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. The supplementary rules do not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. The supplementary rules do not preempt state law.

Civil Justice Reform (E.O. 12988)

In accordance with Executive Order 12988, the Office of the Solicitor has determined that these supplementary rules do not unduly burden the judicial system and meet the requirements of sections 3(a) and 3(b)(2) of the Order.

Consultation and Coordination With Indian Tribal Governments (E.O. 13175)

In accordance with Executive Order 13175, we have found that this final rule would not include policies that have tribal implications. The supplementary rules would not affect lands held for the benefit of Indians, Aleuts, or Eskimos.

Paperwork Reduction Act

These supplementary rules do not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

National Environmental Policy Act

These supplementary rules do not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 is not required.

Clarity of This Regulation

Executive Order 12866 requires each agency to write regulations that are easy to understand. We invite your comments on how to make these supplementary rules easier to understand, including answers to questions such as the following:

(1) Are the requirements in the supplementary rules clearly stated?

(2) Does the supplementary rules contain technical language or jargon that interferes with its clarity?

(3) Does the format of the supplementary rules (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce its clarity?

(4) Would the supplementary rules be easier to understand if they were divided into more (but shorter) sections?

(5) Is the description of the supplementary rules in the **SUPPLEMENTARY INFORMATION** section of this preamble helpful in understanding the rules? What else could we do to make the supplementary rules easier to understand?

If you have any comments on how we could make these supplementary rules easier to understand, in addition to sending the original to the address shown above, please send a copy to: Office of Regulatory Affairs, Department of the Interior, Room 7229, 1849 C Street NW., Washington, DC 20240. You may also e-mail the comments to this address: Execsec@ios.doi.gov.
