

and therefore, also qualify as small entities under the SBA definition. We therefore conclude that there are no more than 542 small manufacturers of audio and visual electronics equipment and no more than 1,150 small manufacturers of radio and television broadcasting and wireless communications equipment for consumer/household use.

31. *Description of Projected Reporting, Recordkeeping and other Compliance Requirements.* The amended rule does not impose any additional reporting or recordkeeping requirements. To the extent that compliance may require the manufacture and purchase of non-integrated host devices by multichannel video programming distributors ("MVPDs") by July 1, 2006, the present action does not impose any new requirements on consumer electronics equipment manufacturers or MVPDs, but rather extends the existing compliance date by eighteen months. We believe that the resulting impact on small entities is favorable to the extent that it provides them with additional time to come into compliance with the prohibition on integrated devices.

32. *Steps Taken to Minimize Significant Impact on Small Entities, and Significant Alternatives Considered.* The RFA requires an agency to describe any significant alternatives that it has considered in reaching its proposed approach, which may include the following four alternatives (among others): (1) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to small entities; (2) the clarification, consolidation, or simplification of compliance or reporting requirements under the rule for small entities; (3) the use of performance, rather than design, standards; and (4) an exemption from coverage of the rule, or any part thereof, for small entities.

33. To the extent that compliance with the amended prohibition deadline may require the manufacture and purchase of non-integrated host devices by multichannel video programming distributors ("MVPDs") by July 1, 2006, the present action does not impose any new requirements on consumer electronics equipment manufacturers or MVPDs, but rather extends the existing compliance date by eighteen months. We believe that the resulting impact on small entities is favorable to the extent that it provides them with additional time to come into compliance with the prohibition on integrated devices. When the original prohibition deadline was adopted, we noted, inter alia, that

Section 629 includes provisions which may lessen compliance impact on small entities, including Section 629(c), which specifies that the Commission shall waive its implementing regulations when necessary for an MVPD to develop new or improved services, and Section 629(e), which requires the Commission to sunset its implementing rules when certain conditions are met.

34. *Report to Congress:* The Commission will send a copy of the Order ("Order"), including this FRFA, in a report to be sent to Congress pursuant to the Congressional Review Act. In addition, the Commission will send a copy of the Order, including this FRFA, to the Chief Counsel for Advocacy of the SBA. A copy of the Order and FRFA (or summaries thereof) will also be published in the **Federal Register**.

List of Subjects in 47 CFR Part 76

Cable television.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

■ For the reasons stated in the preamble, The Federal Communications Commission amends 47 CFR part 76 as follows:

PART 76— MULTICHANNEL VIDEO AND CABLE TELEVISION SERVICE

■ 1. The authority citation for part 76 continues to read as follows:

Authority: 47 U.S.C. 151, 152, 153, 154, 301, 302, 303, 303a, 307, 308, 309, 312, 315, 217, 325, 503, 521, 522, 531, 532, 534, 535, 536, 537, 543, 544, 544a, 545, 548, 549, 552, 554, 556, 558, 560, 561, 571, 572, 573.

■ 2. Section 76.1204 is amended by revising paragraph (a)(1) to read as follows:

§ 76.1204 Availability of equipment performing conditional access or security functions.

(a)(1) A multichannel video programming distributor that utilizes navigation devices to perform conditional access functions shall make available equipment that incorporates only the conditional access functions of such devices. Commencing on July 1, 2006, no multichannel video programming distributor subject to this section shall place in service new navigation devices for sale, lease, or use that perform both conditional access and other functions in a single integrated device.

50 CFR Part 635

[I.D. 061103B]

Atlantic Highly Migratory Species; Bluefin Tuna Catch Limit Adjustments

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Adjustment of Angling and General Category Retention Limits

SUMMARY: NMFS adjusts the daily retention limit for the Angling and General category fisheries for Atlantic bluefin tuna (BFT) for the 2003 fishing year that began June 1, 2003, and ends May 31, 2004. Vessels permitted in the Atlantic Highly Migratory Species (HMS) Angling and the Atlantic HMS Charter/Headboat categories are eligible to land BFT under the BFT Angling category quotas. Vessels permitted in the Atlantic tunas General category and Atlantic HMS Charter/Headboat categories are eligible to land BFT under the BFT General category quotas. The seasonal adjustments to the daily retention limit for each BFT size class are specified in the **DATES** and **SUPPLEMENTARY INFORMATION** sections of this document. This action is being taken to provide increased fishing opportunities in all areas without risking overharvest in each category.

DATES: Effective June 15 through October 31, 2003, the daily recreational retention limit for vessels fishing under the Angling category quota in all areas is one BFT per person, measuring 27 to less than 73 inches (69 to less than 185 cm) curved fork length, with a maximum limit of six BFT per vessel. Effective August 15 through October 31, 2003, the daily recreational retention limit for headboats in all areas is one BFT per passenger (not including Captain and crew), measuring 27 to less than 73 inches (69 to less than 185 cm) curved fork length, with a maximum of 35 BFT per vessel. This limit applies to all headboats defined as a vessel that possess an Atlantic HMS Charter/Headboat permit and that are inspected and licensed by the Coast Guard to carry more than six passengers. Effective November 1, 2003 through May 31, 2004, the daily recreational retention limit is one large school, or small medium BFT, measuring 47 to less than 73 inches (119 to less than 185 cm) curved fork length, per vessel for all
