BILLING CODE 6750-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[COTP San Diego 03-023]

RIN 1625-AA00

Safety Zone; Colorado River, Laughlin, NV

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone near Laughlin, NV on the navigable waters of the Colorado River in support of the Laughlin 4th of July fireworks show. This temporary safety zone is necessary to provide for the safety of the crew, spectators, participants of the event, participating vessels and other vessels and users of the waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

DATES: This rule is effective from 8:30 p.m. (PDT) on July 4, 2003 through 9:30 p.m. (PDT) on July 6, 2003.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket [COTP San Diego 03-023] and are available for inspection or copying at Marine Safety Office San Diego, 2716 N. Harbor Drive, San Diego, CA 92101-1064 between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Petty Officer Austin Murai, USCG, c/o U.S. Coast Guard Captain of the Port, telephone (619) 683-6495.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. In keeping with the requirements of 5 U.S.C. 553(d)(3), the Coast Guard also finds that good cause exists for making this regulation effective less than 30 days after publication in the **Federal**

Register. The precise location of the event necessitating promulgation of this safety zone and other logistical details surrounding the event were not finalized until a date fewer than 30 days prior to the event. Delaying the effective date of this rule would be contrary to the public interest because doing such would prevent the Coast Guard from maintaining the safety of the participants of the event and users of the waterway.

Background and Purpose

The Coast Guard is establishing a temporary safety zone on the navigable waters of the Colorado River in Laughlin, Nevada in support of the Laughlin 4th of July fireworks show. The fireworks will be launched from an area on land, however, the fallout area will be over a section of the Colorado River and a safety zone is necessary to provide for the safety of the spectators and users of this waterway.

Discussion of Rule

The Coast Guard proposes to establish this temporary rule to provide for the safety of the participants, spectators and other users of the waterways. The temporary safety zone is specifically defined as 600 yards around the point 35°09.270" N, 114°34.222" W. Persons and vessels will be prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

Due to the temporary safety zone's short duration of one hour for two days, its limited scope of implementation, and because vessels will have an opportunity to request authorization to transit, the Coast Guard expects the economic impact of this rule to be so minimal that full regulatory evaluation under the regulatory policies and procedures of the DHS is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a

substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

For the same reasons set forth in the above Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule is not expected to have a significant economic impact on any substantial number of entities, regardless of size.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), the Coast Guard wants to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. If your small business or organization is affected by this rule and you have questions concerning its provisions or options for compliance, please contact Lieutenant Commander Rick Sorrell, U.S. Coast Guard Marine Safety Office San Diego at (619) 683-6495.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of
